Trap Daniel Markovits,2020-09-08 A revolutionary new argument from eminent Yale Law professor Daniel Markovits
attacking the false promise of meritocracy It is an axiom of American life that advantage should be earned through ability
and effort Even as the country divides itself at every turn the meritocratic ideal that social and economic rewards should
follow achievement rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic
notions Meritocracy cuts to the heart of who we are It sustains the American dream But what if both up and down the social
ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the
concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy
and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At
the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work
with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations
or retreats from meritocracy but rather stems directly from meritocracy s successes This is the radical argument that Daniel
Markovits prosecutes with rare force Markovits is well placed to expose the sham of meritocracy Having spent his life at elite
universities he knows from the inside the corrosive system we are trapped within Markovits also knows that if we understand
that meritocratic inequality produces near universal harm we can cure it When *The Meritocracy Trap* reveals the inner
workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again
afford dignity and prosperity to the American people
