Living on the Edge Stefan Ploch, 2011-09-27 This collection of papers by an international group of authors honors Jonathan Kaye s contributions to phonology by expanding some of Kaye s ideas to a variety of theoretical topics and languages The set of ideas discussed or used in this collection includes empty categories licensing relationships and constraints a restrictive two levelled approach to phonology without rule ordering or constraint ranking a restrictive theory of syllabic representation without the codas constituent and with exclusively binary branching theories of the phonology phonetics interface in which phonology is motivated independently of phonetics and the metatheoretical flaws in a number of widely accepted but rarely questioned views on phonology

Reviewing Research in Special Education Jennifer Doran, Seamus Hegarty, 2016-04-08 This innovative collection combines research reviews in special education and an exploration of the findings from these reviews from practitioner and policy maker perspectives It consists of five sets of papers the first of which in each set presents a summary of a conventional research review and the second commonly produced in collaboration with teachers translates the review findings into classroom and policy making implications The

first four sets of papers derive from work commissioned by the National Council for Special Education in Ireland They deal with best practice and outcomes in the education of pupils who are deaf visually impaired on the autistic spectrum or have emotional and behavioural difficulties The fifth set is based on a review of explicit memory studies in populations with intellectual disabilities that was submitted to the European Journal of Special Needs Education This direct pairing of technical and practitioner oriented perspectives is relatively unusual and the collection will be a useful addition to the literature for academics practitioners and policy makers This book was originally published as a special issue of the European Journal of Special Needs Education *Developing Inclusive Teacher Education* Tony Booth,Kari Nes,Marit Strømstad,2003-12-16 Inclusion has been adopted as an overall aim for compulsory education in most countries This book explores the way teachers are prepared for inclusion in their initial and in service teacher education **Energy Research Abstracts** ,1978-02 **The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces** ,1901
