The following information is for use after the transition to the international format. Currently, flight plan service providers may not have all capabilities as described below.

a. The FAA will accept a flight plan in international format for any IFR, VFR, SIFRA, or DVFR flight. The flight plan may be filed electronically via a Flight Service Station, FAA contracted flight plan filing service, or other commercial flight plan filing service. Depending on the filing method chosen, the interface may be different but the information required is generally the same.

b. Use of the international format flight plan is recommended for all IFR flights and is mandatory for:

(1) Any flight plan filed through a FSS or FAA contracted flight plan filing service, with the exception of Department of Defense flights who may continue to use the format prescribed in FAA Form 7233-1, and sub part B, c, and d (below) do not apply.

(2) Any flight that will depart U.S. domestic airspace.

(3) Any flight requesting routing that requires Performance Based Navigation.

(4) Any flight requesting services that require filing of capabilities supported in the international flight plan.

**NOTE:** Additional information to assist with filing a flight plan using the international format can be found at <http://www.faa.gov/ops/flightplan/>.

c. Flight Plan Contents

(1) A flight plan will include some or all of the information shown below:

(a) Flight Specific Information (FBI/C-1)

(b) Aircraft Specific Information (ASI/C-12)

(c) Flight Request Information (FRI/C-13)

(d) Flight Specific Supplementary Information (FSSI/C-14)

(2) The tables indicate where the information is in the international format flight plan, which information is required for U.S. domestic flights, and the location of equivalent information in the domestic flight plan format.

(3) For international flights, all applicable information should be required. Determination of all required information for international flights requires consulting ICAO Doc. 7000 (Regional Supplemental Procedures) as well as the AIPs, AICs, and NOTAMs of applicable states.
