Rhetoric at the Boundaries Bruce W. Longenecker, 2005 In *Rhetoric at the Boundaries* Bruce W Longenecker explores the way in which New Testament authors used an ancient rhetorical device to effect smooth transitions both large and small His study demonstrates how recognition of this rhetorical technique proves decisive for New Testament interpretation Longenecker accomplishes this by examining the evidence for chain link interlocks in a variety of ancient sources including the Hebrew scriptures Jewish and Roman authors of the Graeco Roman world and the Graeco Roman rhetoricians He then applies the results of the survey to fifteen problematic passages of the New Testament In each case Longenecker establishes the presence of chain link interlock and highlights the structural literary and theological significance of the rhetorical device for New Testament interpretation
