**Genders, Sexualities, and Complexities in Africa** Gabi Mkhize, Stanley Osezua Ehiane, Lupenga Mphande, 2025-02-20  
This book's significance is in its African centred border crossing overt and covert forces working against genders and sexualities reinforcing endemic gender and sexual based complexities. Pragmatically sexualities and genders in Africa remain contested and an area of power and control contestations in both the private and public spheres. Gender based violence and femicide GBVF in particular continue to escalate particularly during the COVID 19 pandemic. Such GBVF at most affects young women migrants LGBTIQIA people sex workers informal street traders and widows amongst others. This is happening at a time when the feminist and women's movements in Africa are experiencing fragmentations and factions that pull and push organising to the margins of prejudice internally thereby exacerbating an act of subordinated inclusion. In this context the term subordinated inclusion connotes another form of complexity where the subaltern has been brought inside a room as an act of inclusion yet systemically subordinated through structure and obedience thereby compromising agency. This complexity occurs in private and public domains where a continuum of contestations between structure and agency is sustained. Consequently power struggles emerge and proliferate unabated into gendered and sexualised complexities including relations of state coloniality apartheid prejudice marginalization capitalism and democracy. This book thus strives to surface these contestations and complexities and how they continue to thrive in an era that seeks another way possible a way out a jump off a manner of dealing and an exit from the status quo. **Against All Odds** Dr. Simon George Taukeni, 2017-01-12 This is a true life story of a poor ordinary orphan and a Namibian refugee boy who did extraordinary things in a normal but amazing way.
