Handbook of LOGISTICS, SHIPPING & Commercial Terminologies Benny John,2019-04-15
Logistics Shipping and Supply Chain Management is an emerging subject of importance in an emerging country like India and similar economies Since India is at the cusp of being a developed nation and subjects like Logistics are still at the infancy stage lot of Universities and Institutes in India have started including these subjects at the Bachelors Masters and diploma levels of Business Administration Management Science Commerce and Export Import related subjects and this book will have I hope tremendous interests among the practitioners young students and the academia not only for the global community but Indian sub continent and South East Asia specifically Since now after more than 30 years of professional life I am a visiting faculty member of various Universities and Institutes I felt that there is dearth of proper books in this field and I felt it as my humble duty to share whatever limited knowledge with the young students who were never exposed to subjects like Shipping Logistics Supply Chain Management Commerce Export Import Trade and their operational and legal aspects If this book also assist the faculty members even in a limited way then my humble efforts are fulfilled Although there are lot of people worldwide who has guided and helped me during my career in India and abroad to name them is a huge task But I can t forget the help and guidance given to me during my professional life in Germany by Mr Herbert Poetschke Hapag Lloyd AG Hamburg Mr Christian Conen VLA Vereinigte Linen Agenturen GmbH Bremen and specially my well wishers in India Mr K C Raman former Director of Forbes Gokak and Mr Shantanu Bhatkamkar Chairman of the ATC Logistics Group Mumbai But it

was the persuasion from one of my cousins and a friend Mr Sam G Nilamel of Nilamel Exports an industrialist in Kerala and Kuwait who always prompted me to write a book Though in I have commenced this hilarious exercise of bringing out this comprehensive handbook on Logistics and Shipping couple of years back it was a tremendous task to write re write revise and edit this volume After the main script is finalized it is my daughter Aatira Benn John who helped me in formatting and designing this book in its present form and I am thankful to her Comments and suggestions from readers are welcome to improve future editions and your suggestions may be sent to my email logisticsterms@gmail.com

The Logistics Outsourcing Handbook

Jo Godsmark, Gwynne Richards, 2019-12-03. For any business involved in today's supply chains, logistics services are critical. Companies have to decide whether to retain their own logistics operations or place their trust in third party suppliers. This potential move away from the traditional approach of managing these processes internally can lead to improved service and reduced cost, although this isn't always the case. The Logistics Outsourcing Handbook provides step by step guidance on the process of logistics outsourcing and explains how to apply this information for commercial success. Vital advice is given on benchmarking existing operations, how to shortlist companies, produce a request for a proposal, choose the optimum supplier and implement and manage the contract. The Logistics Outsourcing Handbook analyses outsourcing from both an industry wide perspective while also drilling down into specific individual considerations. The book provides valuable guidance in terms of contractual relationships, cost models and the integration of information technology systems. By analysing current statistics and surveys, looking into factors behind why contracts are awarded and terminated, important insights can be acquired. This book contains tools, models, online resources and case studies on the outsourced relationships of companies including Intel, KFC and BA to further develop the reader's knowledge, which makes this book an informative and essential resource.

The Unofficial Guide to Universal Orlando 2023 Seth Kubersky, 2022-12-06.
