Clifton, 2001-01-29 Unfortunately most of us have little sense of our talents and strengths much less the ability to build our lives around them Instead guided by our parents by our teachers by our managers and by psychology's fascination with pathology we become experts in our weaknesses and spend our lives trying to repair these flaws while our strengths lie dormant and neglected Marcus Buckingham coauthor of the national bestseller *First Break All the Rules* and Donald O Clifton Chair of the Gallup International Research Education Center have created a revolutionary program to help readers identify their talents build them into strengths and enjoy consistent near perfect performance At the heart of the book is the Internet based StrengthsFinder Profile the product of a 25 year multimillion dollar effort to identify the most prevalent human strengths The program introduces 34 dominant themes with thousands of possible combinations and reveals how they can best be translated into personal and career success In developing this program Gallup has conducted psychological profiles with more than two million individuals to help readers learn how to focus and perfect these themes So how does it work This book contains a unique identification number that allows you access to the StrengthsFinder Profile on the Internet This Web based interview analyzes your instinctive reactions and immediately presents you with your five most powerful signature themes Once you know which of the 34 themes such as Achiever Activator Empathy Futuristic or Strategic you lead with the book will show you how to leverage them for powerful results at three levels for your own development for your success as a manager and for the success of your organization With accessible and profound insights on how to turn talents into strengths and with the immediate on line feedback of StrengthsFinder at its core *Now Discover Your Strengths* is one of the most groundbreaking and useful business books ever written Please note that the code for the Online Strengths Finder Test is found on the inside of the dust jacket or in the sealed sleeve bound into the book just before the end paper **Laser Information Age**, *The FairTest Examiner*, 1993 *Tests & Measurement for People Who (Think They) Hate Tests & Measurement* Neil J. to pivot Can the pivot be made smoothly Finding starting points for these conversations can be challenging Is it a pivot or is it a career change Both are acceptable Pivots if planned can be easier to navigate Career changes require more preparation Either way fluctuations can be daunting for both the individual and the organizations they work for especially when there is a lack of clarity in managing the complexities of skills career aspirations and interests Having meaningful conversations that gather personal insights and reveal options either before or when it is time to initiate career exploration can ease the transition This book captures the insights the author has gained through her career and provides the valuable lessons learned from reviewing resumes interviewing and coaching those early in their careers starting new careers or in the midst of career transitions The author also shares her personal experience with career exploration and navigating change
