new systems perspective **Stuck** Dr. James Banks Jr.,2022-06-06 During this time of a pandemic season and beyond I hope to articulate a message in my book that you do not have to be stuck when you find out the root cause of your problem s Many situations arise because there are so many variations of sin used by the enemy to deceive people into thinking they have what they do not have Today not tomorrow quit trying to please whoever it is that does not appreciate you on your job church school college team family relationship or marriage God has a door appointed for you to go through Living in denial will delay prohibit your mobility Do not suppress your innermost feelings when you know you were once free but now it feels like a trap within everyday life because of what somebody does or does not do Life is meant to bring about trials and tribulations however if you can unravel the hidden truths you are destined to be set free Take charge and put action to your repetitive thoughts of what you constantly think about doing continually At some point in life you have to ask God for the revelation to say enough is enough Otherwise through time you will accumulate multiple regrets which will cause you to be incarcerated from your choices Today please break free and move into your destiny Do not bury yourself while you still live Please act upon a solution get away from denial and make that long awaited change that gets you away from being stuck Hence that level of immobility will penetrate your mind until you take action After you conclude to take action you will not have to look back anymore Fear ye not stand still and see the salvation of the Lord The Lord will fight for you and ye shall hold your peace Exodus 14 13a 14 KJV Remember sometimes if not all the time you must take feasible action for change Failure to do so could result in being STUCK Living In Denial Will Prohibit Your Mobility Future Church Will Mancini,Cory Hartman,2020-12-01 Church growth models have often been long on promises and short on disciple making We continue to watch consistent church attendance shrink and our desire to reach the lost is infected with a need for self validation by growing our numbers at any cost If we believe that God wants his church to grow where do we go from here What is the future of the church Drawing from his 20 years and 15 000 hours of consulting author Will Mancini shares with pastors and ministry leaders the single most important insight he has learned about church growth With plenty of salient stories and based solidly on the disciple making methods found in Scripture Future Church exposes the church s greatest challenge today and offers 7 transforming laws of real church growth so that we can faithfully and joyfully fulfill Jesus s Great Commission **STUCK** Bob Sorge ,2019-05-07 STUCK Help for the Troubled Home Jesus gave a supremely wise way to tackle the most troubling enemy of our marriages and almost nobody knows about it But you re not STUCK Discover how to regain harmony in your marriage Jesus way **Stuck** Todd W. Ferguson,Josh Packard,2022-05-10 Stuck is a guide for understanding how and why a traditional approach to ministry does not align with the modern realities facing pastors congregations and seminaries More than simply describing findings from their firsthand research however Todd W Ferguson and Josh Packard offer a new understanding of why professional ministry can be so alienating today Stuck shifts the dominant narrative around calling vocation and ministry away from a focus on individual traits and characteristics of pastors

and congregational leaders and toward a more structural understanding of the social forces that impact modern ministry The authors focus on the nature of calling the need for modern flexible congregational supports and a different approach to training professional clergy Stuck lets pastors who feel stuck know that they re not alone they re not crazy and it s not their fault It helps congregations be more supportive of their clergy And it participates in the conversation for reshaping seminary training and professional development

Dangerous Church John Bishop, 2011 Dangerous churches are willing to put everything on the line for the one thing that matters most reaching lost people Through probing questions and amazing stories of God s grace John Bishop confronts church leaders to embrace what matters most to the heart of God whatever the cost Most churches naturally gravitate to what is safe and familiar Church leaders who take risks are bound to fail and fear drives us to continue in our comfortable but ineffective patterns But reaching out to a lost world was never meant to be easy Jesus promised his followers that they would have trouble in this world Dangerous churches are churches that are willing to risk everything comfort safety and the security of the familiar for the sake of the one thing that matters most reaching out to people who may spend eternity separated from the God who created them God wants us to live on the edge of our margins walking by faith and not simply following scripted methods or programmed patterns Dangerous Church takes you back to the Book of Acts and reminds church leaders that the heartbeat of the church is not found in agendas or human plans but in pursuing the mission of God and reaching out to a lost world Learn what can happen when church leaders abandon their fears and begin to live a dangerous faith Dangerous Church is part of the Leadership Network Innovation Series

Re-Imagining the Church Robert J. Suderman, 2016-09-30 The church What has it become What was it meant to be Does it pave the way or get in the way Are we suspicious of the institutionalization of church bureaucracy Or thrilled with the relevant impact of its presence Robert J Suderman writes about the church as a practitioner His inspiration emerges out of the crossroads of biblical vision and human sincerity always tempered with frailty Years of ministry never a stranger to complexity only serve to sharpen the vision of possibility His imagination of what can be is never divorced from the realities of what is He does not bow to the common assumption that you can t get there from here Here is the only possible point of origin for us In his succinct easy to understand writing style Suderman provides insightful and thought provoking perspectives to what it means to be the church To be a people called out to participate together in God s activity in the world and to create programs and structures needed for effective ministry are two sides of the same coin This book is for dreamers and bureaucrats alike indeed it assumes that the two are indispensable pieces of God s coming presence Introduction by Tom Yoder Neufeld

Reignite Ian Parkinson, 2005-06-19 Ian Parkinson shares his experience of partnering with God to transform two very different local churches He weaves stories from his own congregations and draws on his experience of ministering in an inherited traditional but declining church revealing what he has done to turn them around The transformation of such churches is critical there are relational links to build on within communities there are resources in

place and most importantly God desires to renew his people in their sense of identity vision calling and anointing even when they lose their way In order for this to happen there need to be leaders who are enthused and equipped to share in God s vision to be agents of change in the church for the sake of the world This is transformational leadership Such leadership comes about when we are gripped by a compelling vision of how God intends His Church to be and a passion to see it move it forwards Ian Parkinson begins with a brief overview of the true calling and identity of the Church before examining the catalytic role of leaders in establishing practices and habits which enable the congregation to see vision become reality
