- The new model also sets the basic frame rate at 30FPS.
- The new video compression chip is aimed at providing the same output as the previous generation but with the benefit of reduced motion blur and a more fluid image.
- The new video chip also comes with integrated features for controlling the video output of the graphics card to further aid in creating more fluidity.
- The feature set of the new video chip includes support for the new video compression chip, as well as the new video chip, and the new video chip.

- Abstract**—The purpose of this study was to determine the effect of a 12-week training program on the heart rate (HR) and energy expenditure (EE) of sedentary, middle-aged women. The subjects were randomly assigned to either a control group (CON) or a training group (TRN). The TRN group performed a 12-week training program consisting of three sessions per week of aerobic exercise. The HR and EE were measured at baseline and at the end of the 12-week training program. The TRN group showed a significant decrease in HR and a significant increase in EE compared to the CON group. The results of this study suggest that a 12-week training program can improve the cardiovascular fitness and energy expenditure of sedentary, middle-aged women.

- Abstract:** The purpose of this study was to determine the effect of a 12-week training program on the physical fitness of 10-year-old children. The study was conducted in a primary school in the city of Bursa, Turkey. The study group consisted of 20 children (10 boys and 10 girls) who were randomly selected from the 10-year-old children in the school. The children were divided into two groups: a control group and an experimental group. The control group did not participate in any physical education program, while the experimental group participated in a 12-week training program. The physical fitness of the children was measured at the beginning and at the end of the 12-week period. - **Why are these structures built and why?**
 Furthermore it is not the best construction for the most frequent use of the language (i.e. the one that is used all the time). This is the great thing to remember: they are **being** constructed for **other** reasons (social and economic changes in Italy)
- The Italian culture that the Italian people have in their hearts (values, religion, etc.) is also not taken into account in the Italian constitution. It is not. In other words we cannot understand the constitution without the *Italian* (national) culture. *Italian* is a *value* (a *fact* that is not negotiable for the nation)
- In Italy, culture is not an abstract theory, but a **fact** that is **in** the **heart** of the nation
- In Italy, the language is not a **fact** that is **in** the **heart** of the nation, but a **fact** that is **in** the **heart** of the nation
