Young's Literal Translation of the Bible Young, Robert,2014-06-14 Young s Literal Translation of the Bible is as the name implies a strictly literal translation of the Hebrew and Greek texts from the Textus Receptus and Majority Text Compiled by Robert Young in 1862 he went on to produce a revised version in 1887 based on the Westcott Hort text which had been completed in 1885 Young died on October 14 1888 and the publisher released a New Revised Edition in 1898 Young used the present tense in many places where other translations used the past tense particularly in narratives The Preface to the Second Edition states If a translation gives a present tense when the original gives a past or a past when it has a present a perfect for a future or a future for a perfect an a for a the or a the for an a an imperative for a subjunctive or a subjunctive for an imperative a verb for a noun or a noun for a verb it is clear that verbal inspiration is as much overlooked as if it had no existence THE WORD OF GOD IS MADE VOID BY THE TRADITIONS OF MEN Emphasis in original For example the YLT version of Genesis begins as follows 1 In the beginning of God s preparing the heavens and the earth 2 The earth hath existed waste and void and

darkness on the face of the deep and the Spirit of God fluttering on the face of the waters 3 And God saith Let light be and light is 4 And God seeth the light that it is good and God separateth between the light and the darkness 5 And God alled to the light Day and to the darkness He hath called Night and there is an evening and there is a morning day one Young s Literal Translation in the 1898 Edition also consistently renders the Hebrew Tetragrammaton the four Hebrew letters usually transliterated YHWH or JHVH that form a biblical proper name of God throughout the Old Covenant Testament as Jehovah instead of the traditional practice of LORD in small capitals which was used in editions prior to 1898 Young s usage of English present tense rather than past tense has been supported by scholars ranging from the medieval Jewish rabbi Rashi who advised If you are going to interpret this passage in its plain sense interpret it thus At the beginning of the creation of heaven and earth when the earth was or the earth being unformed and void God said Let there be light to Richard Elliott Friedman in his translation of the Five Books in The Bible with Sources Revealed 2002 There is a linked Table of Contents for each book and chapter

Experiencing Scripture Antony Campbell, 2012-08-30 This book aims to enable a user to become closely familiar with a limited number of Older Testament texts and so be in a position to form judgments about them and resulting from that to have an understanding of the nature of biblical text itself Beyond this the reality that these are key texts for the understanding of the Bible means that they have fundamental impact for the basics of faith today our understanding of ourselves before God essential to faith in the life death and resurrection of Jesus Christ Israel s prophets reflect on the role of God in human life faith in God s love God s passion for justice the essential place of fidelity in faith Israel s foundational narratives explore the nature of human lives before God they include issues such as creation human freedom and faith in God s unshakeable commitment to human life Alongside these concerns there is the importance of getting a feel for the nature of scripture

Queer Theory and the Prophetic Marriage Metaphor in the Hebrew Bible Stuart Macwilliam, 2016-04-08 The Hebrew Bible offers a metaphor of marriage that portrays men and women as complementary each with their distinct and natural roles Queer Theory and the Prophetic Marriage Metaphor in the Hebrew Bible draws on contemporary scholarship to critique this hetero normativity The book examines the methodological issues involved in the application of queer theory to biblical texts and draws on the concept of gender performativity the construction of gender through action and behaviour to argue for the potential of queer theory in political readings of the Bible The central role of metaphor in reinforcing gender performativity is examined in relation to the books of Jeremiah Hosea and Ezekiel The book offers a radical reassessment of the relationship between biblical language and gender identity
