L'antisémitisme Partout Aujourd'hui En France:

L'antisémitisme partout Alain Badiou, Eric Hazan, 2011-02-24 Une vague d'antisémitisme en France Pourquoi la dénonciation de cette vague a-t-elle commencé en 2002 quand a-t-elle lancé la guerre contre l'axe du Mal en Afghanistan en Irak en Palestine Qu'en est-il de l'antisémitisme en France aujourd'hui Est-il comme le soutiennent certains la tache qui stigmatise la jeunesse arabe des quartiers populaires Et ceux qui mènent la campagne contre la vague qui sont-ils d'où viennent-ils quelle est leur rhétorique quels intérêts défendent-ils Pourquoi s'en prennent-ils si violemment aux mauvais juifs aux juifs de nation victimes de la haine de soi Comment se fait-il que la traque de l'antisémitisme soit infiniment plus virulente en France qu'en Israël et même qu'en Allemagne Telles sont quelques-unes des questions auxquelles ont réfléchi Alain Badiou et Eric Hazan Leurs réponses sont une attaque frontale contre l'hypocrisie et la mauvaise foi qui régissent dans cette affaire

Islamophobia in France Abdellali Hajjat, Marwan Mohammed, 2023-01-15 In 2004 France banned Muslim women from wearing veils in school In 2010 France passed legislation that banned the wearing of clothing in public that covered the face mainly to target women who wore burqas President Emmanuel Macron has stated that the hijab is not in accordance with French ideals Islamophobia in France takes many forms both explicit and implicit and often appears to be sanctioned by the governing bodies themselves These cultural biases reveal how the Muslim population acts as a scapegoat for the problematic status of immigrants in France more generally Islamophobia in France is an English translation of Abdellali Hajjat and Marwan Mohammed's *Islamophobie* Comment les élites françaises fabriquent le problème musulman In this groundbreaking book Hajjat and Mohammed argue that Islamophobia in France is not the result of individual prejudice or supposed Muslim cultural or racial deficiencies but rather arose out of structures of power and control already in place in France Hajjat and Mohammed analyze how French elites deploy Islamophobia as a state technology for contesting and controlling the presence of specific groups of postcolonial immigrants and their descendants in contemporary France With a new introduction for U.S. readers the authors unpack the data on Islamophobia in France and offer a portrait of how it functions in contemporary society

Le Nouvel Antisémitisme en France Collectif, Elisabeth de Fontenay, 2018-04-25 Dans la nuit du 3 au 4 avril 2017 Paris Sarah Halimi une retraitée de 66 ans ancienne directrice d'école maternelle est battue mort avant d'être défenestrée Malgré des preuves flagrantes il aura fallu près d'un an pour que la justice retienne le caractère antisémite de l'acte Pire encore ce crime a longtemps été occulté par les médias Pourquoi ce silence Quelle est cette gêne pour nommer la nouvelle haine des Juifs en France D'où vient cette complaisance de la part de certains Seize intellectuels ont décidé de se mobiliser pour dénoncer un véritable déni de réalité et reconnaître la mémoire de Sarah Halimi L'assassinat de Sarah Halimi autant que les crimes antijuifs commis en France depuis les années 2000 leur traitement médiatique et judiciaire dessinent les contours d'un tournant idéologique particulièrement inquiétant Ces textes ici rassemblés tirent le signal d'alarme et appellent une urgente prise de conscience Car la violence dont sont victimes les Juifs est révélatrice d'une menace qui va bien au-delà

la seule communauté juive Cette menace touche notre société nos libertés et notre République

Reflections On Anti-Semitism Alain Badiou, Eric Hazan, Ivan Segre, 2013-08-06 Dissecting how facile accusations of anti-Semitism are used to stifle dissent Since the inception of the War on Terror Israel has become increasingly important to Western imperial strategy and ever more aggressive in its policies towards the Palestinians A key ideological weapon in this development is the cynical and unjustified accusation of anti-Semitism to silence protest and dissent For historical reasons this tactic has been deployed most forcefully in France and in the first of the two essays in this book French writers Alain Badiou and Eric Hazan demolish the anti-Semitism is everywhere

claim used to bludgeon critics of the Israeli state and those who stand in solidarity with the banlieue youth In *The Philo-Semitic Reaction* Ivan Segr undertakes a meticulous deconstruction of a rampant reactionary trend that identifies Jewish interests with the democratic West Segr's aim is to uphold a universalist position and to defend Jewish tradition from Zionist ideological distortion

Rosenfeld, 2015-12-09 *Deciphering the New Antisemitism* addresses the increasing prevalence of antisemitism on a global scale Antisemitism takes on various forms in all parts of the world and the essays in this wide ranging volume deal with many of them European antisemitism antisemitism and Islamophobia antisemitism and anti Zionism and efforts to demonize and delegitimize Israel Contributors are an international group of scholars who clarify the cultural intellectual political and religious conditions that give rise to antisemitic words and deeds These landmark essays are noteworthy for their timeliness and ability to grapple effectively with the serious issues at hand

Antisemitism and the left Robert Fine, Philip Spencer, 2017-02-27 This electronic version has been made available under a Creative Commons BY NC open access license Universalism shows two faces to the world an emancipatory face that looks to the inclusion of the other and a repressive face that sees in the other a failure to pass some fundamental test of humanity Universalism can be used to demand that we treat all persons as human beings regardless of their differences but it can also be used to represent whole categories of people as inhuman not yet human or even enemies of humanity The Jewish experience offers an equivocal test case Universalism has stimulated the struggle for Jewish emancipation but it has also helped to develop the idea that there is something peculiarly harmful to humanity about Jews that there is a Jewish question that needs to be solved This original and stimulating book traces struggles within the Enlightenment Marxism critical theory and the contemporary left seeking to rescue universalism from its repressive antisemitic undertones

Jews on the Move: Modern Cosmopolitanist Thought and its Others Cathy Gelbin, Sander L. Gilman, 2019-12-18 Jewish cosmopolitanism is key to understanding both modern globalization and the old and new nationalism Jewish cultures existing in the Western world during the last two centuries have been and continue to be read as hyphenated phenomena within a specific national context such as German Jewish or American Jewish culture Yet to what extent do such nationalized constructs of Jewish culture and identity still dominate Jewish self expressions and the discourses about them in the rapidly globalizing world of the twenty first century In a world in which Diaspora societies have begun to reshape themselves as part of a super or nonnational identity what has happened to a cosmopolitan Jewish identity In a post Zionist world where one of the newest and most substantial Diaspora communities is that of Israelis in the new globalized culture is being Jewish suddenly something that can reach beyond the older models of Diasporic integration or nationalism Which new paradigms of Jewish self location within the evolving and conflicting global discourses about the nation race Genocides anti-Semitism colonialism and postcolonialism gender and sexual identities does the globalization of Jewish cultures open up To what extent might transnational notions of Jewishness such as European Jewish identity create new

discursive margins and centers Is there a possibility that a virtual makom Jewish space might constitute itself Recent studies on cosmopolitanism cite the Jewish experience as a key to the very notion of the movement of people for good or for ill as well as for the resurgence of modern nationalism These theories reflect newer models of postcolonialism and transnationalism in regard to global Jewish cultures The present volume spans the widest reading of Jewish cosmopolitanisms to study Jews on the move This book was originally published as a special issue of the European Review of History **Being Contemporary: French Literature, Culture and Politics Today** Lia Brozgal, Sara Kippur, 2016-01-26 A collection of 23 riveting essays on aspects of contemporary French culture by the superstars of the field **Jews Out of the Question** Elad Lapidot, 2020-11-01 In post Holocaust philosophy anti-Semitism has come to be seen as a paradigmatic political and ideological evil Jews Out of the Question examines the role that opposition to anti-Semitism has played in shaping contemporary political philosophy Elad Lapidot argues that post Holocaust philosophy identifies the fundamental epistemological evil of anti-Semitic thought not in thinking against Jews but in thinking of Jews In other words what philosophy denounces as anti-Semitic is the figure of the Jew in thought Lapidot reveals how paradoxically opposition to anti-Semitism has generated a rejection of Jewish thought in post Holocaust philosophy Through critical readings of political philosophers such as Adorno Horkheimer Sartre Arendt Badiou and Nancy the book contends that by rejecting Jewish thought the opposition to anti-Semitism comes dangerously close to anti-Semitism itself and at work in this rejection is a problematic understanding of the relations between politics and thought a troubling political epistemology Lapidot's critique of this political epistemology is the book's ultimate aim **The Republic Unsettled** Mayanthi L. Fernando, 2014-09-19 In 1989 three Muslim schoolgirls from a Paris suburb refused to remove their Islamic headscarves in class The headscarf crisis signaled an Islamic revival among the children of North African immigrants it also ignited an ongoing debate about the place of Muslims within the secular nation state Based on ten years of ethnographic research The Republic Unsettled alternates between an analysis of Muslim French religiosity and the contradictions of French secularism that this emergent religiosity precipitated Mayanthi L. Fernando explores how Muslim French draw on both Islamic and secular republican traditions to create novel modes of ethical and political life reconfiguring those traditions to imagine a new future for France She also examines how the political discourses institutions and laws that constitute French secularism regulate Islam transforming the Islamic tradition and what it means to be Muslim Fernando traces how long standing tensions within secularism and republican citizenship are displaced onto France's Muslims who as a result are rendered illegitimate as political citizens and moral subjects She argues ultimately that the Muslim question is as much about secularism as it is about Islam

Antisemitism and Racism Christine Achinger, Robert Fine, 2017-10-02 The growing threat of antisemitism racism and Islamophobia within the European political landscape poses urgent and difficult questions These questions concern both commonalities and connections between these forms of prejudice and persecution and differences regarding their discursive

functions and the image of the other they project In this volume we interrogate the specific forms antiracism and anti antisemitism take in the public sphere their representation in scholarly discourses and the fact that they increasingly seem to be at home in separate and sometimes antagonistic political and academic camps We also address the conceptual resources and research tools required to study the unity that lies behind these varied phenomena This collection has a new introduction and brings together papers that arose out of discussions in the European Sociological Association Network on Racism and Antisemitism published in European Societies The chapters relate to current issues in the area of racism and anti Semitism such as the notable impact of the Israel Palestine conflict on antisemitism in Europe the contested antizionist humour of Dieudonn in France relations between antisemitic and Islamophobic attitudes in Italy and Spain the problem of antisemitic reactions to Islamophobia in Arab media the historical relation of antisemitism to other kinds of racism in German literary discourse and how their study can be instructive for the investigation of antisemitism and Islamophobia today the difficulties Marxists internationally have faced in addressing concerns about antisemitism and current disconnections between racism and antisemitism in the human sciences These papers raise fundamental issues of understanding the modern world This book was originally published as a special issue of European Studies Broken Tablets Sarah Hammerschlag, 2016-08-30 Over a span of thirty years twentieth century French philosophers Emmanuel Levinas and Jacques Derrida held a conversation across texts Sharing a Jewish heritage and a background in phenomenology both came to situate their work at the margins of philosophy articulating this placement through religion and literature Chronicling the interactions between these thinkers Sarah Hammerschlag argues that the stakes in their respective positions were more than philosophical They were also political Levinas s investments were born out in his writings on Judaism and ultimately in an evolving conviction that the young state of Israel held the best possibility for achieving such an ideal For Derrida the Jewish question was literary The stakes of Jewish survival could only be approached through reflections on modern literature s religious legacy a line of thinking that provided him the means to reconceive democracy Hammerschlag s reexamination of Derrida and Levinas s textual exchange not only produces a new account of this friendship but also has significant ramifications for debates within Continental philosophy the study of religion and political theology *Antisemitism and Racism* Christine Achinger, Robert Fine, 2017-10-02 The growing threat of antisemitism racism and Islamophobia within the European political landscape poses urgent and difficult questions These questions concern both commonalities and connections between these forms of prejudice and persecution and differences regarding their discursive functions and the image of the other they project In this volume we interrogate the specific forms antiracism and anti antisemitism take in the public sphere their representation in scholarly discourses and the fact that they increasingly seem to be at home in separate and sometimes antagonistic political and academic camps We also address the conceptual resources and research tools required to study the unity that lies behind these varied phenomena This collection has a new introduction and brings together papers that arose out of

discussions in the European Sociological Association Network on Racism and Antisemitism published in European Societies The chapters relate to current issues in the area of racism and anti-Semitism such as the notable impact of the Israel Palestine conflict on antisemitism in Europe the contested antizionist humour of Dieudonné in France relations between antisemitic and Islamophobic attitudes in Italy and Spain the problem of antisemitic reactions to Islamophobia in Arab media the historical relation of antisemitism to other kinds of racism in German literary discourse and how their study can be instructive for the investigation of antisemitism and Islamophobia today the difficulties Marxists internationally have faced in addressing concerns about antisemitism and current disconnections between racism and antisemitism in the human sciences These papers raise fundamental issues of understanding the modern world This book was originally published as a special issue of European Studies

The Right to Difference Maurice Samuels, 2016-11-02 A noted critic explores the legacy of Jews in France and what it means for today's French minority communities in a beautifully written accessible book Journal of Modern History Universal equality is a treasured political concept in France but recent anxiety over the country's Muslim minority has led to a new conception of universalism one promoting loyalty to the nation above all ethnic and religious affiliations This timely book offers a fresh perspective on the debate by showing that French equality has not always demanded an erasure of differences Through close and contextualized readings of the way that major novelists philosophers filmmakers and political figures have struggled with the question of integrating Jews into French society Maurice Samuels draws lessons about how the French have often understood the universal in relation to the particular Samuels demonstrates that Jewish difference has always been essential to the elaboration of French universalism whether as its foil or as proof of its reach He traces the development of this discourse through key moments in French history from debates over granting Jews civil rights during the Revolution through the Dreyfus Affair and Vichy and up to the rise of a new antisemitism in recent years By recovering the forgotten history of a more open pluralistic French culture Samuels points toward new ways of moving beyond current ethnic and religious dilemmas and argues for a more inclusive view of what constitutes political discourse in France

Is Theory Good for the Jews? Bruno Chaouat, 2016-12-16 For at least fifteen years any keen observer of European society has been aware that antisemitism is no longer a matter of racial theory nationalism or exclusion of the other While in the past antisemites saw Jews as all too modern rootless cosmopolitans to use Stalin's expression today's European antisemitism construes them as obsolete precisely because they are attached to their roots their land their community their origin The Jews are now perceived as a reactionary force that hinders the progress of humankind toward multiculturalism understood as the peaceful infinitely enriching coexistence of ethnicities races religions and cultures within the same territory The antisemite of yore viewed the Jews as an inferior race today he views them as racist By looking back to the emergence of a postwar theoretical discourse on trauma memory victims suffering the Holocaust and the Jews Is Theory Good for the Jews explores how French thought is implicated in intellectual literary and ideological components of the
