Macdonald At 200 New Reflections And Legacies

Patrice Dutil, Roger Hall

Macdonald At 200 New Reflections And Legacies:

Macdonald at 200 Patrice Dutil,Roger Hall,2014-10-10 Here are fifteen fresh interpretations of Canada's founding Prime Minister published for the occasion of the bicentennial of his birth in 1815 Well researched and crisply written by recognized scholars and specialists the collection throws new light on Macdonald's formative role in our nation

Macdonald at 200 Patrice Dutil,Roger Hall,2014-10-10 A modern look at a classic leader Macdonald at 200 presents fifteen fresh interpretations of Canada's founding Prime Minister published for the occasion of the bicentennial of his birth in 1815 Well researched and crisply written by recognized scholars and specialists the collection throws new light on Macdonald's formative role in shaping government promoting women's rights managing the nascent economy supervising westward expansion overseeing relations with Native peoples and dealing with Fenian terrorism A special section deals with how Macdonald has or has not been remembered by historians as well as the general public The book concludes with an afterword by prominent Macdonald biographer Richard Gwyn Macdonald emerges as a man of full dimensions an historical figure that is surprisingly relevant to our own times

American Civil Wars Alan Taylor,2024-05-21 A Kirkus Reviews Best Book of 2024 A masterful history of the Civil War and its reverberations across the continent by a two time Pulitzer Prize winner In a fast paced narrative of soaring ideals and sordid politics of civil war and foreign invasion the award winning historian Alan Taylor presents a pivotal twenty year period in which North America's three largest countries the United States Mexico and Canada all transformed themselves into nations The American Civil War stands at the center of the story its military history and the drama of emancipation the highlights Taylor relies on vivid characters to carry the story from Joseph Hooker whose timidity in crisis was exploited by Robert E Lee and Stonewall Jackson in the Union defeat at Chancellorsville to Martin Delany and Mary Ann Shadd Cary Black abolitionists whose critical work in Canada and the United States advanced emancipation and the enrollment of Black soldiers in Union armies The outbreak of the Civil War created a continental power vacuum that allowed French forces to invade Mexico in 1862 and set up an empire ruled by a Habsburg archduke This inflamed the ongoing power struggle between Mexico's Conservatives landowners the military the Church and Liberal supporters of social democracy led ably by Benito Juarez Along the southwestern border Mexico's Conservative forces made common cause with the Confederacy while General James Carleton violently suppressed Apaches and Navajos in New Mexico and Arizona When the Union triumph restored the continental balance of power French forces withdrew and Liberals consolidated a republic in Mexico Canada was meantime fending off a potential rupture between French speaking Catholics in Quebec and English speakers in Ontario When Union victory raised the threat of American invasion Canadian leaders pressed for a continent wide confederation joined by a transcontinental railroad The rollicking story of liberal ideals political venality and corporate corruption marked the dawn of the Gilded Age in North America

The Unexpected Louis St-Laurent Patrice Dutil,2020-11-01 Much of Canada's modern identity emerged from the innovative social policies and ambitious

foreign policy of Louis St Laurent's Liberal government. His extraordinarily creative administration made decisions that still resonate today on health care, pensions and housing, on infrastructure and intergovernmental issues, and further afield in developing Canada's global middle power role in global affairs and resolving the Suez Crisis. Yet St Laurent remains an enigmatic figure. Contributors to *The Unexpected Louis St Laurent* assess the degree to which he set the policy agenda. They explore the features of his personality that made him effective or sometimes less so, the changes he wrought on the state apparatus and federal-provincial relations, and the substance of his government's policies. This wide-ranging collection fills a great void in Canadian political history, bringing together seasoned professionals and new scholars to investigate the far-reaching influence of a politician whose astute policies and bold resolve moved Canada into the modern era. *Witness to Loss* Jordan Stanger-Ross, Pamela Sugiman, 2017-10-18 When the federal government uprooted and interned Japanese Canadians en masse in 1942, Kishizo Kimura saw his life upended along with tens of thousands of others. But his story is also unique as a member of two controversial committees that oversaw the forced sale of the property of Japanese Canadians in Vancouver during the Second World War. Kimura participated in the dispossession of his own community. In *Witness to Loss*, Kimura's previously unknown memoir, written in the last years of his life, is translated from Japanese to English and published for the first time. This remarkable document chronicles a history of racism in British Columbia, describes the activities of the committees on which Kimura served, and seeks to defend his actions. Diverse reflections of leading historians, sociologists, and a community activist and educator who lived through this history give context to the memoir, inviting readers to grapple with a rich and contentious past. More complex than just hero or villain, oppressor or victim, Kimura raises important questions about the meaning of resistance and collaboration and the constraints faced by an entire generation. Illuminating the difficult, even impossible, circumstances that confronted the victims of racist state action in the mid-twentieth century, *Witness to Loss* reminds us that the challenge of understanding is greater than that of judgment. *Tax, Order, and Good Government* E.A. Heaman, 2017-06-08 The history of Confederation rewritten through the redistribution of wealth. **Portrait of an English Migration** William E. Van Vugt, 2021-03-15 *Portrait of an English Migration* recounts the history of those who left North Yorkshire for North America between the eighteenth century and the early twentieth century. Focusing on individual stories of migrants and their families, this book provides many personal glimpses of the migration experience of those who left England's largest county to build new lives in the United States and Canada. Exploring the local history, geography, and cultures of Yorkshire and the key places of settlement in North America, William Van Vugt deepens our understanding of the historic migration process: how local conditions and access to information influenced migration decisions; the role of local networks in migration patterns; and the significance of family connections, religious identities, and land ownership to the migrants themselves. He considers the extent to which English migrants shaped regional culture and contributed to economic development, addressing ongoing questions about identity and what it meant to be English in North America. Full of first

person accounts and stories from migrants themselves Portrait of an English Migration is both a sweeping history of two centuries of migration and an intimate look at the lives of generations of Yorkshire people who crossed the ocean to make a new home *Canadian Political Economy* Heather Whiteside, 2020-11-19 Engaging with themes of conflict change and crisis this book reinvigorates the distinct interdisciplinary field of Canadian political economy **From Treaties to Reserves** D.J. Hall, 2015-11-01 How divergent understandings of treaties contributed to a heritage of distrust The History of Canada Series: Three Weeks in Quebec City Christopher Moore, 2015-05-05 In 1864 thirty three delegates from five provincial legislatures came to Quebec City to pursue the idea of uniting all the provinces of British North America The American Civil War not yet over encouraged the small and barely defended provinces to consider uniting for mutual protection But there were other factors the rapid expansion of railways and steamships spurred visions of a continent spanning new nation Federation in principle had been agreed on at the Charlottetown conference but now it was time to debate the difficult issues of how a new nation would be formed The delegates included John A Macdonald George Etienne Cartier and George Brown Historian Christopher Moore demonstrates that Macdonald the future prime minister surprisingly was not the most significant player here and Canada could have become a very different place The significance of this conference is played out in Canadian news each day The main point of contention at the time was the issue of power a strong federal body versus stronger provincial rights Because of this conference we have an elected House of Commons an appointed Senate a federal Parliament and provincial legislatures We have what amounts to a Canadian system of checks and balances Did it work then and does it work now

Immerse yourself in the artistry of words with Crafted by is expressive creation, **Macdonald At 200 New Reflections And Legacies** . This ebook, presented in a PDF format (*), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Download now to let the beauty of literature and artistry envelop your mind in a unique and expressive way.
