■ **How to use this book:** This book is designed to be used in a number of ways. It can be used as a textbook for a course in statistics, or as a reference book for those who need to know more about statistics. It can also be used as a self-study guide for those who want to learn more about statistics. The book is divided into two main parts: the first part covers the basic concepts of statistics, and the second part covers more advanced topics. Each part is further divided into chapters, and each chapter contains a number of sections. The book is written in a clear and concise style, and it includes many examples and exercises to help you understand the concepts.
