## **Mutare Nursing School:**

**African nurses and everyday work in twentieth-century Zimbabwe** Clement Masakure, 2020-12-15 Informed by the memories of African nurses this book highlights the experiences of men and women who provided nursing services in Zimbabwe's hospitals in the twentieth century. It argues that in their subordinate positions and within their various capacities nursing assistants, nursing orderlies, medics, and qualified nurses, African women and men played a pivotal role in the provision of healthcare services to their fellow Africans. They transformed hospital spaces into their own, reshaped and reformulated indigenous as well as western nursing and biomedical practices. Through their work, African nurses contributed to the development of the nation by being at the bedside, healing the sick and nursing the infirm. **Ministry of Health and Child Welfare Training Programmes, Institutions and Addresses**, 1994. The Stone-Campbell Movement D. Newell Williams, Douglas Allen Foster, Paul M. Blowers, 2013-03-30 The Stone-Campbell Movement: A Global History tells the story of Christians from around the globe and across time who have sought to witness faithfully to the gospel of reconciliation, transcending theological differences by drawing from all the major streams of the movement. This foundational book documents the movement's humble beginnings on the American frontier and growth into international churches of the twenty-first century. The Catholic Directory of Southern Africa, 1988. Nomination of James W. Holsinger, Jr., M.D., Ph.D. United States. Congress. Senate. Committee on Health, Education, Labor, and Pensions, 2009. Giving Through Teaching Joyce J. Fitzpatrick, Cathleen M. Shultz, Tonia D. Aiken, 2010-06-04 Giving Through Teaching presents compelling stories of nurse educators and their students who have given their time, talents, skills, and resources to make the world a better place. Sharing stories from more than 70 nurse educators, this unique book inspires nurses to continue the work of their peers and to tell their own stories. Highlighting the efforts of U.S. nurse educators both at home and abroad from areas devastated by Hurricane Katrina to Iraq, the text showcases the diversity of the nursing profession itself. This collection of stories also examines how the knowledge and expertise of nurse educators can help to improve health care standards and achieve the United Nations UN Millennium Development Goals (MDGs) such as improving maternal health and combating HIV/AIDS, malaria, and other diseases. A must-have book for current and future generations of nurse educators. Giving Through Teaching explores global and U.S.-based education partnerships with stories of nurses working to improve schools, hospitals, and communities around the world. Helps readers build interpersonal relationships with others. Includes stories from nurse educators who have been honored by their peers, including Legends of the American Academy of Nursing and recipients of the International Council of Nurses International Achievement Award. Will contribute funds raised from book sales to scholarships for future nursing students through the NLN Foundation/NLNF.
