**Canadian Moving Picture Digest**, 1926      **Canada's Founding Debates** Janet Ajzenstat, Paul Romney, Ian Gentles, William D. Gairdner, 2017-06-21 Canada's Founding Debates is about Confederation about the process that brought together six out of the seven territories of British North America in the years 1864-73 to form a country called Canada. It presents excerpts from the debates on Confederation in all of the colonial parliaments from Newfoundland to British Columbia and in the constituent assembly of the Red River Colony. The voices of the powerful and those of lesser note mingle in impassioned debate on the pros and cons of creating or joining the new country and in defining its nature. In short explanatory essays and provocative annotations the editors sketch the historical context of the debates and draw out the significance of what was said. By organizing the debates thematically they bring out the depth of the founders' concern for issues that are as vital today as they were then: the meaning of liberty, the merits of democracy, the best form of self-government, the tension between collective and individual rights, the rule of law, the requirements of political leadership, and of course the nature of Canadian nationality. Canada's Founding Debates offers a fresh and often surprising perspective on Canada's origins, history, and political character. Joshua Ben David Nichols, 2019-11-20 The current framework for reconciliation between Indigenous peoples and the Canadian state is based on the Supreme Court of Canada's acceptance of the Crown's assertion of sovereignty, legislative power, and underlying title. The basis of this assertion is a long-standing interpretation of Section 91(24) of Canada's Constitution which reads it as a plenary grant of power over Indigenous communities and their lands, leading the courts to simply bypass the question of the inherent right of self-government. In *A Reconciliation without Recollection* Joshua Ben David Nichols argues that if we are to find a meaningful path toward reconciliation, we will need to address the history of sovereignty without assuming its foundations. Exposing the limitations of the current model, Nichols carefully examines the lines of descent and association that underlie the legal conceptualization of the Aboriginal right to govern. Blending legal analysis with insights drawn from political theory and philosophy, *A Reconciliation without Recollection* is an ambitious and timely intervention into one of the most pressing concerns in Canada.      *Canadian Author & Bookman*, 1985      **My Name's Friday** Michael J.
