The 9th Annual International Seminar on Trends in Science and Science Education (AISTSSE) 2022, 2023-10-04. This is the ninth time we are hosting this seminar and we are proud to inform you that this seminar is an annual event in our calendar and has been held every year since 2014. This year for the third year we are holding it via Zoom meeting online meeting due to Covid 19 pandemic. We are inviting internationally recognized speakers from several countries to share their latest discoveries in the fields of Biology, Chemistry, Physics, Mathematics and Science Education. Well known researchers in science and science education will share their experiences and knowledge so that we can stay up to date with the latest information. This is one of the goals of this seminar. As science researchers we realize the importance of information exchange among us. The new information enlightens our minds and gives us ideas on what to do next in our research and how to do it. This new information often becomes the foundation for our next project in particular and sets the research trends for the upcoming year in general. Information exchange also keeps us updated allowing us to give and receive suggestions and critiques that will lead to better results. Therefore we need a forum where we can share and exchange information. Seminars, conferences and other scientific gatherings are the media through which we can do this. Organizer: Faculty of Mathematics and Natural Sciences of Universitas Negeri Medan. Where: Web Seminar via Zoom Meeting. When: Tuesday 8th November 2022.
