has a good tradition The first Conference was held in Birmingham 1971 with 61 participants With respect to the decision that
the Conference should be held every second year by this time the Conference has been held in the following countries
Birmingham 1971 UK Copenhagen 1973 Denmark Amhurst 1975 USA Tokyo 1977 Japan Amsterdam 1979 The Netherlands
Novi Sad 1981 Yugoslavia Windsor 1983 Canada Stuttgart 1985 Germany and the next Conference will take place in
Cincinnati 1987 USA The number of submitted abstracts and papers was continuously increasing such that the Programme
Committee of this actual 8th Conference on Production Research has been forced to introduce a further refereeing procedure
Each submitted abstract was presented to at least two referees This resulted not only in a reduction of the number of
presented full papers and poster contributions but as the Programme Committee and the Editors hope it led also to a
considerable increase in the scientific quality of this 8th International Conference on Production Research The preceding
conference in Windsor Canada was dedicated to the topic Production Research as a Means of Productivity Improvement We
