Faith First, 2000 **The American Historical Review** John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1898 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research The Making of the Westminster Confession, and Especially of Its Chapter on the Decree of God Benjamin Breckinridge Warfield, 1901 **The American Catholic Quarterly Review** James Andrew Corcoran, Patrick John Ryan, Edmond Francis Prendergast, 1914 **The American Catholic Quarterly Review ...**, 1914 **Theology, Politics, and Exegesis** Jeffrey L. Morrow, 2017-11-07 Modern biblical scholars often view the methods they employ as objective and neutral tracing the history of modern biblical scholarship to the eighteenth and nineteenth centuries In this volume Jeffrey Morrow examines some earlier lesser known roots of modern biblical scholarship He explores biblical scholarship from the fourteenth through the seventeenth centuries and then discusses its new place in the Enlightenment of the eighteenth century where such scholarship would flourish Far from merely an objective and neutral method such scholarship was never without philosophical theological and political underpinnings Morrow concludes the volume with a look at the separation of biblical studies from theology using the example of Catholic moral theology in the twentieth century **The Catholic Historical Review**, 1924 **Bible Review**, 1910 *Review* Arthur Preuss, 1908 The American Ecclesiastical Review Herman Joseph Heuser, 1951 *The Christian treasury (and missionary review).*, 1868 **The Modern Review** Ramananda Chatterjee, 1920 Includes section Reviews and notices of books *Deep Roots* Shawn S. and D Keith Mano wrote for the magazine. The magazine boosted their careers and they in turn helped make Buckley's version of conservatism respectable. In the pages of *National Review* and elsewhere these writers fashioned a body of literary work that takes up and refracts right wing concerns about tradition, religion, and personal liberty. Uncovering a neglected part of post World War II American literary history, Stephen Schryer highlights these writers' enduring impact on movement conservatism. Believing in the power of intellectuals, Buckley and his fellow editors argued that the academy, the media, and other institutions had been taken over by a liberal establishment that sought to impose its ideas on the nation. They wanted to establish a network of institutional counter circuits staffed by conservatives. The magazine's literary intellectuals contributed to this effort, helping conservatives present themselves as a counter elite sheltering traditional humanities based knowledge within a technocratic welfare state. In so doing they facilitated the magazine's assault on the very possibility of expertise, ushering in the fragmented epistemological landscape that has characterized the United States since the late 1960s. **The**

English Historical Review Mandell Creighton, Justin Winsor, Samuel Rawson Gardiner, Reginald Lane Poole, Sir John Goronwy Edwards, 1922. Heroes, Rascals, and the Law James L. Robertson, 2018-12-28. James L. Robertson focuses on folk encountering their constitutions and laws in their courthouses and country stores and in their daily lives, animating otherwise dry and inaccessible parchments. Robertson begins at statehood and continues through war and depression well into the 1940s. He tells of slaves petitioning for freedom, populist sentiments fueling abnegation of the rule of law, the state's many schemes for enticing Yankee capital to lift a people from poverty, and its sometimes tragic, always colorful romance with whiskey after the demise of national Prohibition. Each story is sprinkled with fascinating but heretofore unearthed facts and circumstances. Robertson delves into the prejudices and practices of the times, local landscapes and daily life, and its dependence on our social compact. He offers the unique perspective of a judge, lawyer, scholar, and history buff, each role having tempered the lessons of the others. He focuses on a people enriching encounters most know little about. Tales of understanding and humanity covering 130 years of heroes, rascals, and ordinary folk with a bundle of engaging surprises leave the reader pretty sure there's nothing quite like Mississippi history told by a sage observer. Contemporary Cases in U.S. Foreign Policy Ralph G. Carter, 2013-07-24. Many actors from the president and members of Congress to interest groups, NGOs, and the media compete to shape U.S. foreign policy. *Contemporary Cases in U.S. Foreign Policy: From Terrorism to Trade*, Fifth Edition, edited by Ralph G. Carter, captures this strategic interplay using 15 real world cases, of which four are brand new: the death of Osama bin Laden and the use of targeted assassinations, nonproliferation policy, and the U.S. India nuclear agreement, the U.S. reaction to Egypt's collision with the Arab Spring, and the surprise asylum request of blind Chinese dissident Chen Guangcheng. Fully updated to cover the Obama administration, all cases have been revised to reflect recent developments. Whether grappling with use of force, questions of the international financial crisis, legal and human rights, trade issues, multilateral approaches to the nuclear programs of North Korea and Iran, or climate change, Carter's engaging

case study approach encourages students to question motives consider alternatives and analyze outcomes
