Keenleyside focuses on writers who populate their poetry novels and children's stories with conspicuously figurative animals experiment with conventional genres like the beast fable and write the lives of mice as well as men From such writers including James Thomson Daniel Defoe Jonathan Swift Laurence Sterne Anna Letitia Barbauld and others she recovers a key insight about the representation of living beings when we think and write about animals we are never in the territory of strictly literal description relying solely on the evidence of our senses Indeed any description of animals involves personification of a sort if we understand personification not as a rhetorical ornament but as a fundamental part of our descriptive and conceptual repertoire essential for distinguishing living beings from things Throughout the book animals are characterized by a distinctive mode of agency and generality they are at once moving and being moved at once individual beings and generic or species figures every cat is also The Cat Animals thus become figures with which to think about key philosophical questions about the nature of human agency and of social and political community They also come into view as potential participants in that community as one sort of people among others Demonstrating the centrality of animals to an eighteenth century literary and philosophical tradition Animals and Other People also argues for the importance of this tradition to current discussions of what life is and how we might live together I Can't Do This, But God Can Michelle Marquis, 2024-11-27 Being a Christian woman it sometimes feels like we should not struggle When God has blessed us with beautiful kids it feels awful to experience postpartum depression and question whether you were meant to be a mom The guilt associated with such feelings combined with regular stressors and watching others who seem to be handling everything better really adds insult to injury It is not a topic that is readily talked about which can really leave one feeling completely alone Sound familiar Friend you are not alone I have been there I am there and I want to talk to you about it I Can't do This but God Can seeks to create a safe space to talk about and explore postpartum depression and anxiety parenting and living life While it comes from the perspective of a struggle with postpartum depression there are lessons that can be gleaned even if your story is not the same You may find yourself in the midst of a storm right now It is not easy but praying talking and thinking about it has helped me to heal in ways I did not expect I want to share that with you my friend Grab a pen open this book and let's heal together **Son, This Is Your CEO Daddy** Jiao WoLinKouMen, 2020-04-14 Four years ago an accident forced Chen Xi to leave home Four years later he was actually captured by the man when he returned with the treasure Wild man let go of me Chen Xi looked at Jiang Mo Chuan who was pulling her pants up with a hint of anger in her eyes Wild woman the child hasn't been fed yet Jiang Mo Chuan looked at Chen Xi speechlessly Love Sir Walter Scott and the Border Minstrelsy Andrew Lang, 2021-04-26 In Sir Walter Scott and the Border Minstrelsy Andrew Lang offers a profound exploration of Scott's contributions to Scottish folklore and the revival of the border ballad tradition Lang employs a richly descriptive literary style blending critical analysis with narrative flair as he traverses the cultural and historical backdrop of the Scottish borderlands In this work Lang delves into Scott's role in compiling the Border Minstrelsy and how these tales

not only reflect the region's tumultuous history but also the broader European fascination with nationalism and romance in the early 19th century Andrew Lang a prominent Scottish poet and literary historian was deeply immersed in the folklore of his homeland His academic pursuits and personal connections to Scotland's narrative tradition informed his passionate discourse on Scott's literary canon Lang's understanding of the cultural and societal nuances of his time shaped his appreciation for Scott as a pivotal figure in the preservation of Scotland's rich cultural legacy particularly in a period marked by significant change and the quest for national identity This book is a valuable resource for scholars of Scottish literature and folklore enthusiasts alike Lang's insightful analysis not only illuminates the intricacies of Scott's work but also invites readers to reflect on the lasting impact of these traditional narratives in contemporary society I highly recommend this enlightening text to anyone interested in the interplay of literature history and cultural identity *Remorse* Anthony Bash,2020-10-02 Though the Christian church has a well developed theology of Godward facing remorse about sin it has paid little attention to the interpersonal implications of the remorse that people feel when they wrong one another Since the nineteenth century important work has been done by psychologists anthropologists philosophers ethicists scientists and lawyers that has implications for the way theologians might think about remorse This book draws on the biblical record in its ancient settings as well as on insights from contemporary scholarship to offer a new and distinctively Christian contribution to an understanding of remorse **Freedom's Stand** Jeanette Windle,2011-05-18 Three foreigners living in war ravaged Afghanistan Jamil a newly converted Christian relief worker Amy Mallory and Special Forces veteran Steve Wilson search for love and freedom in a country where religious injustice runs rampant Sotheran's Price Current of Literature Henry Sotheran Ltd,1914 **Research in Education** ,1974 **2015** Li Yuming,Li Wei,2021-01-18 China with the world's largest population numerous ethnic groups and vast geographical space is also rich in languages Since 2006 China's State Language Commission has been publishing annual reports on what is called language life in China These reports cover language policy and planning initiatives at the national provincial and local levels new trends in language use in a variety of social domains and major events concerning languages in mainland China Hong Kong Macau and Taiwan Now for the first time these reports are available in English for anyone interested in Chinese language and linguistics China's language education and social policies as well as everyday language use among the ordinary people in China The invaluable data contained in these reports provide an essential reference to researchers professionals policy makers and China watchers **World and Time** , *Reforging Shakespeare* Jeffrey Kahan,1998 Supporters filled the house to ensure a positive reception but as the curtain went up no one could suspect the disaster that was to ensue Indifference and Repetition; or, Modern Freedom and Its Discontents Frank Ruda,2023-12-05 In capitalism human beings act as if they are mere animals So we hear repeatedly in the history of modern philosophy Indifference and Repetition examines how modern philosophy largely coextensive with a particular boost in capitalism's development registers the reductive and regressive tendencies produced by capitalism's

effect on individuals and society Ruda examines a problem that has invisibly been shaping the history of modern especially rationalist philosophical thought a problem of misunderstanding freedom Thinkers like Descartes Kant Hegel and Marx claim that there are conceptions and interpretations of freedom that lead the subjects of these interpretations to no longer act and think freely They are often unwillingly led into unfreedom It is thus possible that even freedom enslaves Modern philosophical rationalism whose conceptual genealogy the books traces and unfolds assigns a name to this peculiar form of domination by means of freedom indifference Indifference is a name for the assumption that freedom is something that human beings have a given a natural possession When we think freedom is natural or a possession we lose freedom Modern philosophy Ruda shows takes its shape through repeated attacks on freedom as indifference it is the owl that begins its flight so that the days of unfreedom will turn to dusk      *Language and Culture* David Nunan, Julie Choi, 2010-05-07 This state of the art exploration of language culture and identity is orchestrated through prominent scholars and teachers narratives each weaving together three elements a personal account based on one or more memorable or critical incidents that occurred in the course of learning or using a second or foreign language an interpretation of the incidents highlighting their impact in terms of culture identity and language the connections between the experiences and observations of the author and existing literature on language culture and identity What makes this book stand out is the way in which authors meld traditional academic approaches to inquiry with their own personalized voices This opens a window on different ways of viewing and doing research in Applied Linguistics and TESOL What gives the book its power is the compelling nature of the narratives themselves Telling stories is a fundamental way of representing and making sense of the human condition These stories unpack in an accessible but rigorous fashion complex socio cultural constructs of culture identity the self and other and reflexivity and offer a way into these constructs for teachers teachers in preparation and neophyte researchers Contributors from around the world give the book broad and international appeal
