Arthur K. Ellis, John B. Bond, 2016-06-17 For more than twenty years *Research on Educational Innovations* has helped readers draw distinctions between truly innovative educational programs backed by sound empirical research and faddish policy trends of the day. Using a variety of current and emerging topics as practical case studies, this book offers a clear theoretical framework for program evaluation and for ways to delve into the research base behind any educational innovation. From examining the theoretical basis of a proposed program to understanding the nature of the research done to document the validity of the proposed program, it highlights the importance of differentiating opinions from results before implementing educational policies of any size or scope. Features and Updates to the New Edition include: Framework provides clarity to the research process, helping both experts and novices in the field make reasonable assessments as consumers. A fully revised and updated chapter on brain research provides an overview of the unfolding research applications of neuroscience to education. Snapshots features offer brief summaries of highly current topics such as problem based learning, flipped classrooms, reflective assessment and curriculum integration. **VESPA Handbook** Steve Oakes, Martin Griffin, 2024-08-09

The Vespa Handbook builds on the success of Steve and Martin's acclaimed books *The A Level Mindset* and *The GCSE Mindset* by introducing 40 new activities that will help teachers improve the grades of their students. The handbook is a perfect introduction to the VESPA approach as well as a practical addition to previous resources. Just like their previous books, *The Vespa Handbook* will help teachers develop the five key characteristics and behaviours that students need in order to regulate their own learning: vision, effort, systems, practice and attitude. When it comes to achieving academic success, these characteristics are crucial. The ability of students to have a vision, commit the effort, be organised, practise and revise well, and have a positive attitude and good work ethic are vital to their success. The 40 activities included are set out clearly and categorised thematically under the VESPA umbrella, making them easy to navigate and use in any setting. Each activity can be

delivered one to one to a tutor group or to a whole cohort and is designed to take fifteen to twenty minutes to complete These activities will help your students to set goals work more efficiently organise their resources and manage their workload The Vespa Handbook will empower learners to unlock their potential overcome obstacles and take control of their own knowledge and skills It has been written with students in mind and includes spaces for them to record and reflect on their answers and organise their thought process The book offers a comprehensive toolkit of study techniques strategies and approaches that can be applied for effective learning planning organization and execution Steve and Martin share practical advice and valuable insights for teachers looking to improve their students resilience and ambition based on their combined 40 plus years of experience in teaching and coaching Suitable for teachers tutors and parents who want to boost academic outcomes in 14 18 year olds and equip them with powerful tools and techniques in preparation for further education and employment
