Checklist: For each area designated for that organization to collect and monitor for CAP, answer the following questions. The information you are offered in the questions will help you determine how best to track, display and report on data for the results of these various measures you have chosen for CAP. It's okay to use a relatively small number of measures or indicators that you are tracking; you may wish to include all measures in the table and use this as a reminder to find that could be completed by the person coordinating CAP in your organization. Alternatively, you may choose to use this table for individual measures or groupings of measures that address similar topics.

What data is being visualized? (What issues, forecast for?)	What is it for? (What is being said?) If necessary (?)	How do we know it's (What is being said about it?)	What is impossible (What is being said about it?)	What is not possible (What is being said about it?)	How will data be used? (What is being said about it?)
Example: High-risk patients at risk	Quality indicator (QI) - monthly report	Data comes from HHS a community	QI	- QI	QI is used to measure the quality of care provided to patients. QI is used to track the number of patients who are at risk of admission to the hospital. QI is used to track the number of patients who are at risk of admission to the hospital. QI is used to track the number of patients who are at risk of admission to the hospital.
Example: Staff at risk of infection	Quality - April	Corporate at risk of infection	Admission at risk	Admission at risk	Admission at risk
