Spectrum ,2001 **Human Capital or Cultural Capital?** George Farkas,2017-09-05 This study seeks to reorient our understanding of the early educational determinants of social stratification outcomes It focuses on the process and consequences of unequal cognitive skill attainment for ethnic and poverty groups within our nation s cities It draws theoretically on the notion that experiences at home and school create a feedback loop by which the cultural capital of the students their toolkit of skills habits and styles with which they construct strategies of action evolves over time and largely determines differential success in mastering the teacher assigned homework **Governance and Performance** Carolyn J. Heinrich,Laurence E. LynnJr.,2000-11-06 Drawing on recent advances in the social sciences this volume shows how rigorous theory based empirical research can help improve the management of public policies and programs and how better governance can lead to better performance These original essays demonstrate how better data and improved statistical techniques have allowed researchers to construct more complex models of governance processes and thereby assess the effects of many variables on policy and program outcomes They present useful research results that illuminate such issues as

automatic grade advancement in public schools management of federally funded job training programs reducing welfare caseloads and management of welfare to work programs Illustrating a range of theoretical and methodological possibilities this book shows how more sophisticated research in public management can help improve government performance
