**Mid-term evaluation of the project “The coastal fisheries initiative global partnership”** Food and Agriculture Organization of the United Nations, 2021-10-01 Many coastal fisheries are poorly managed and overexploited resulting in suboptimal yields and lost revenue and damage to other species and habitats The Coastal Fisheries Initiative CFI is a global effort between FAO and other development partners to address these issues in a holistic and integrated way It aims to work at a practical level with selected fisheries and to facilitate a global exchange of experience and learning The CFI comprises subsidiary regional projects in Indonesia Latin America and West Africa a sustainable investment support project and a global partnership and coordination project The mid term evaluation of the global coordination project found that while the initiative is extremely relevant it has so far had limited impact of a strengthened global partnership The evaluation recommended greater coordination between the subsidiary projects a strengthened reporting structure and a project extension of up to two years

Mid-term evaluation of the project “Disposal of persistent organic pollutants and obsolete pesticides and strengthening sound pesticide management in Cameroon” Food and Agriculture Organization of the United Nations, 2020-02-07 Every year large quantities of pesticides are used in Cameroon for agricultural production However without proper management of pesticides and associated waste accumulation of stocks of obsolete pesticides has led to contamination of sites In this context the project Disposal of POPs and Obsolete Pesticides and Strengthening Sound Pesticide Management in Cameroon was launched to address the problems of stocking and to develop alternatives to the use of chemical pesticides Project activities were found to be well defined and appropriate aligning with the country s priorities

and needs The evaluation however also notes that there are substantial delays in the implementation of activities due to slow decision making and lack of regular monitoring Therefore it recommends the urgent need for developing an implementation strategy for the remaining activities In addition meetings should be held in a more timely manner to enable members to monitor and accelerate the implementation of activities
