*Provincializing Europe* Dipesh Chakrabarty, 2009-06-05 First published in 2000 Dipesh Chakrabarty's influential *Provincializing Europe* addresses the mythical figure of Europe that is often taken to be the original site of modernity in many histories of capitalist transition in non Western countries This imaginary Europe Dipesh Chakrabarty argues is built into the social sciences The very idea of historicizing carries with it some peculiarly European assumptions about disenchanted space secular time and sovereignty Measured against such mythical standards capitalist transition in the third world has often seemed either incomplete or lacking *Provincializing Europe* proposes that every case of transition to

capitalism is a case of translation as well a translation of existing worlds and their thought categories into the categories and self understandings of capitalist modernity Now featuring a new preface in which Chakrabarty responds to his critics this book globalizes European thought by exploring how it may be renewed both for and from the margins **World Swordfish**

Kuhn, 2020-03-01 The Sámi who have inhabited Europe's far north for thousands of years are often referred to as the continent's forgotten people. With Sápmi their traditional homeland divided between four nation states: Norway, Sweden, Finland, and Russia, the Sámi have experienced the profound oppression and discrimination that characterize the fate of indigenous people worldwide: their lands have been confiscated, their beliefs and values attacked, their communities and families torn apart. Yet the Sámi have shown incredible resilience, defending their identity and their territories and retaining an important social and ecological voice, even if many progressives and leftists included refuse to listen. *Liberating Sápmi* is a stunning journey through Sápmi and includes in-depth interviews with Sámi artists, activists, and scholars boldly standing up for the rights of their people. In this beautifully illustrated work, Gabriel Kuhn, author of over a dozen books and our most fascinating interpreter of global social justice movements, aims to raise awareness of the ongoing fight of the Sámi for justice and self-determination. The first accessible English language introduction to the history of the Sámi people and the first account that focuses on their political resistance, this provocative work gives irrefutable evidence of the important role the Sámi play in the resistance of indigenous people against an economic and political system whose power to destroy all life on earth has reached a scale unprecedented in the history of humanity. The book contains interviews with Mari Boine, Harald Gaski, Ann Kristin Håkansson, Aslak Holmberg, Maxida Mørk, Stefan Mikaelsson, May Britt Høman, Synne Persen, Yvonne Ravna, Niillas Somby, Anders Sunna, and Suvi West. **London and its genius loci** Philipp Röttgers, 2019-11-06 London is a

powerful and mysterious city; its spirit stands outside of time; certain places have influenced the behaviour of its citizens. Philipp Röttgers leads you to these places. Follow him into the heart of darkness, into the area of Jack the Ripper, to the churches of Nicholas Hawksmoor, along the routes of William Blake, and walk along Ripper Street. Discover London's genius loci, its spirit of place. This alternative travel guide has two sides: A scientific trip through the depiction of London's genius loci in literature by authors such as Iain Sinclair, Alan Moore, Ben Aaronovitch, Neil Gaiman, and Peter Ackroyd. And the tour stories that lead you to the historical genius loci. Connect places, become the flâneur, the walker, the wanderer. This book approaches London the only two ways, according to Röttgers, that it can be experienced properly: through literature and through walking. **USIA Appropriations Authorization, Fiscal Year 1973** United States.
