

Faith Journey Reflective

Our faith is a lifelong Journey. You move from stage to stage throughout your faith journey before you actually know what your faith actually is and what you actually believe in. First is the child hood stage, where you believe in what your parents tell you and follow in their footsteps of faith. Next is the adolescent stage, where you question your faith and what you truly believe, and then is the adult stage, where you know what your faith is but you still question it.

I chose the song 'Reflection' by Christina Agiler to best describe the stage of faith in which I find myself currently in. I think that I am in the adolescent stage of faith, because I am still questioning my faith and what I actually believe. I was raised a catholic by my parents, going to church every Sunday, praying before every meal and before I went to bed. When I was younger, I Just went on what my parents told me to be true. I never questioned anything. Now that I am older, I am beginning to question my faith, and what I really believe in.

I ask myself things like "do I really want to be a catholic? " "Is there really a God? " "What do I really believe? " It is difficult to answer some of the questions I have because faith is about believing hat cannot be seen but it is necessary. Things that are unseen are truly hard to believe in but if you really want to believe you will. I don't know what faith I want to continue with yet. Yes, I was raised catholic by my parents but there are so many other different religions/faults out there.

As a catholic, they believe in God. I don't know if I believe in God, if there really is a God, or if it's just a story people tell. God could be one person that is up in heaven that rules over everyone, God can be a he or she, God can be everyone put together as one person or God could just be something else. I don't know if there is a heaven for when you die. I have pictures and images in my mind from when I was little but now that I really think about it, it Just sounds like a made up place that may or may not be true.

Yes, people who are catholic believe that when you die your spirit travels up to heaven, but I may or may not believe it because it could just be a story someone told a long time ago. There are so many things that could be just stories or the real truth but you will never know because everything is unseen and you will Just have to believe. I really like this song because it relates to today and what it is like today in our society with regards to our faith. I think this song is a perfect example of someone in the adolescent stage of their faith questioning their faith and what they really believe in.

In the song where it says "If I wear a mask I can fool the world but I cannot fool my heart" I think means that this person is pretending to be a catholic and follow their parents or others when they
