Pro VS 2005 Reporting using SQL Server and Crystal Reports Rod Paddock, Kevin Goff, 2007-02-01. Creating clear and comprehensive reporting functionality is one of the most important and most misunderstood tasks that developers do in professional life. The reports they generate are used by both their clients and their own managers to assess the performance of their applications and to gauge how well the application meets business objectives. This book shows how to use Visual Studio 2005 and complementary technologies such as Crystal Reports to quickly and simply create fast, flexible reporting for applications of any size. In this book, our experienced author team shows how to create the best results as efficiently as possible.
