Dear [RECIPIENTS NAME],

I hope this message finds you well. I am writing to explain a recent situation that occurred which I believe may necessitate your attention and understanding.

On [SPECIFIC DATE], an unforeseen situation arose that directly impacted my ability to [DESCRIBE THE SPECIFIC WORK-RELATED ACTIVITY], e.g., "complete the quarterly report on time". The circumstance [BRIEFLY EXPLAIN THE CIRCUMSTANCE], ensuring it remains neutral and factual, e.g., "involved a critical system outage that halted several ongoing projects, including mine".

I want to assure you that I took all possible measures to mitigate the impact of this event. [DESCRIBE THE ACTIONS YOU TOOK], e.g., "I contacted our IT department immediately and followed the necessary protocols to ensure the systems were restored as quickly as possible.". Despite these efforts, the delay was unavoidable.

I am fully aware of the importance of timeliness and reliability in our work and regret any inconvenience this may have caused. Going forward, I have implemented [MENTION ANY PREVENTATIVE MEASURES YOU ARE TAKING], e.g., "additional checks and balances in our system monitoring processes to catch such errors before they affect our workflow". I am committed to preventing a recurrence of this issue.

Write Effectively Tim Albert, 2021-08-05 Many people are surprised by the range of what they have to write reports letters applications minutes essays protocols policy statements articles the list goes on They also have to face a constant procession of emails which people tend not to count as real writing but which are every bit as important and which even the decisive can take two hours or more a day to deal with At the same time we seem particularly ill prepared for all this writing The task is badly defined time consuming and difficult Courses on how to do it are rare Agreement on good writing seems to be rarer still and the whole process often appears to be more about internal power squabbles than external communication Not surprisingly many writers in the health services dislike it and avoid it whenever possible Others proceed reluctantly without confidence and without any satisfaction at the end of each writing task This book sets out to help you by showing you what writing is all about It will give you some tools that will enable you to do it with confidence I would be lying if I said that you will come to enjoy writing some suffering is inevitable even desirable but as you go through this book you should be able to approach each writing task in a more confident manner and therefore your output should be more effective More important you should be able to take control of your writing and once you have grasped the essentials you will have a powerful tool to help you achieve your goals

The Manager's Communication Toolbox Everett Chasen, Bob Putnam, 2012-11-29 The Manager s Communication Toolbox focuses on management development by improving communication for new managers as well as more experienced professionals Like a star baseball player every good manager should aim to be a five tool expert Reading writing speaking listening and thinking are basic skills for any employee but the manager who stands out is the manager who commands these skills To improve your standing with your employees and superiors it s essential to understand each of these areas of communication In The Manager s Communication Toolbox the

authors offer tips checklists and examples along with other expert testimony for best practices Over the years the practice of these skills has changed as a result of technology Everyone emails these days but in this book the authors dig deeper into what to say when to say it and how to say it in a business setting Rethink your thinking skills find more time in your day by being more aware of your tendencies And for everyone who worries about giving speeches and making presentations find out how to improve and the steps you can take to show off your managerial communication skills

Designing Second Language Performance Assessments John M. Norris, 1998 This volume focuses on the decision making potential provided by second language performance assessments The authors first situate performance assessment within a broader discussion of alternatives in language assessment and in educational assessment in general They then discuss issues in performance assessment design implementation reliability and validity Finally they present a prototype framework for second language performance assessment based on the integration of theoretical underpinnings and research findings from the task based language teaching literature the language testing literature and the educational measurement literature The authors outline test and item specifications and they present numerous examples of prototypical language tasks They also propose a research agenda focusing on the operationalization of second language performance assessments

The Complete Idiot's Guide to Cold Calling Keith Rosen MCC, 2004-08-03 Does this sound familiar If I could get in front of the prospect the rest of the selling process becomes easier It's just getting in front of them that's the challenge The fact is most cold calling efforts are doomed from the start Salespeople lose sales not due to a lack of effort but because they lack a prospecting system they are comfortable with and can trust to generate greater consistent results If you are prospecting the same way you have been for the last several years including the calling to check in touch base or follow up approach or haven't been prospecting at all you're simply making it easier for your competition to take away the new business you are working so hard to earn So if you love to sell but hate or don't like to prospect this book is your opportunity to maximize your cold calling potential and boost your income by learning how to get in front of the right prospects in less time and create greater selling opportunities without the fear pressure or anxiety associated with cold calling This Complete Idiot's Guide will show you how to Utilize the seven steps to a permission based cold calling conversation so that you don't have to push your presentation and hope there's a fit Create winning voice mail messages that will ensure more return calls Develop your MVP Most Valuable Proposition that separates you from your competition Craft the Compelling Reasons that would motivate a prospect to speak with you Prevent and defuse initial objections such as I'm not interested We don't have any money now or Call me back later Design your own step by step prospecting and follow up system that runs on autopilot and is aligned with your selling philosophy strengths objectives and natural talents rather than taking the generic one size fits all approach Develop the right questions and uncover new selling opportunities in seconds so that you can stop wasting precious time on the wrong prospects
