In Bonds: The Unbeaten Path to Secure Investment Growth, Second Edition, the fully revised and updated edition of the classic guide to demystifying the bonds market, veteran investor husband and wife team Hildy and Stan Richelson expose the myth of stocks' superior investment returns and propose an all bond portfolio as a sure footed strategy that will ensure positive returns. Designed to educate novice and sophisticated investors alike as well as to serve as a tool for financial advisers, the book explains why and when bonds can be the right choice. Case studies, detailed bond strategies and a financial planning overview bring home the value of bonds in achieving financial goals. Presenting a broad spectrum of bond investment options and describing how to purchase bonds at the best prices, the book shows how to make real money by investing in bonds. The strategies presented here are designed to help the reader determine how to use bonds to take control of their own financial destiny. New edition includes information on corporate bonds, emerging market bonds, municipal bonds, the new global ratings and how to protect against municipal defaults. Looks at how bond portfolios protected against market volatility in the 2007-2008 crash and how they can do the same in the future. Includes information on how the bond market has changed. The wealthiest investors and

financial advisers use the bond strategies outlined in this book to maximize the return on their portfolios while providing security of principal With more bond options available than ever before Bonds continues to be a must have for anyone looking to understand the investment opportunities available to them **Empire of the Sum** Keith Houston, 2023-08-22 A New York Times Book Review Editors Choice A lively entertaining history New York Times Book Review Editors Choice The hidden history of the pocket calculator a device that ushered in modern mathematics helped build the atomic bomb and went with us to the moon and the mathematicians designers and inventors who brought it to life Starting with hands abacus and slide rule humans have always reached for tools to simplify math Pocket sized calculators ushered in modern mathematics helped build the atomic bomb took us to the bottom of the ocean and accompanied us to the moon The pocket calculator changed our world until it was supplanted by more modern devices that in a cruel twist of irony it helped to create The calculator is dead long live the calculator In this witty mathematic and social history Keith Houston transports readers from the nascent economies of the ancient world to World War II where a Jewish engineer calculated for his life at Buchenwald and into the technological arms race that led to the first affordable electronic pocket calculators At every turn Houston is a scholarly affable guide to this global history of invention Empire of the Sum will appeal to math lovers history buffs and anyone seeking to understand our trajectory to the computer age **Investors Chronicle** , 1982
