→ The foot automatically snaps into place.
(If necessary, I press the foot).

2 Needle system 130/705M

I should change the needle immediately if it is bent or torn.
I hold the needle with the flat side to the rear against my index finger and push it up into the needle clamp as far as it will go. I tighten the screw firmly— see also page 32.

I pressed the foot control, making sure that the plug is pushed all the way in.
