Fake News Troops Moving Indoors English Edition:

Fake News in Ancient Greece Diego De Brasi,Amphilochios Papathomas,Theofanis Tsiampokalos,2024-12-02 Scholars have recognized that fake news is not a phenomenon peculiar to the 21st century While efforts for a more focused approach to fake news in the ancient world have been carried out in the field of Roman history the phenomenon of fake news in ancient Greece has received limited attention The contributions in this volume offer a selective approach to this phenomenon by applying media and cultural studies instruments to ancient texts They pinpoint parallels and differences between ancient and modern fake news by employing methods of literary and cultural studies as well as historical documentary analysis of ancient sources In particular they explore questions such as To what extent does reflection on the concepts of truth lie and opinion influence ancient Greek political rhetorical discourse What is the political or social function of embedding misleading information in ancient Greek historiographical texts or pamphlets Which intentions are pursued with the help of fake news in literary and documentary texts Can parallels be drawn with modern approaches to fake news Thus the volume investigates the mechanisms that historically lay behind the creation dissemination and adaptation of misleading information Inside the Enemy's Computer Clement Guitton,2017-08-01 Attribution tracing those responsible for a cyber attack is of primary importance when classifying it as a criminal act an act of war or an act of terrorism Three assumptions dominate current thinking attribution is a technical problem it is unsolvable and it is unique Approaching attribution as a problem forces us to consider it either as solved or unsolved Yet attribution is far more nuanced and is best approached as a process in constant flux driven by judicial and political pressures In the criminal context courts must assess the guilt of criminals mainly based on technical evidence In the national security context decision makers must analyse unreliable and mainly non technical information in order to identify an enemy of the state Attribution in both contexts is political in criminal cases laws reflect society s prevailing norms and powers in national security cases attribution reflects a state s will to maintain increase or assert its power However both processes differ on many levels The constraints which reflect common aspects of many other political issues constitute the structure of the book the need for judgement calls the role of private companies the standards of evidence the role of time and the plausible deniability of attacks **Arab Digital Journalism** Noha Mellor,2022-11-30 Responding to urgent calls to de westernise Media and Journalism Studies and shed light on local agencies this book examines digital journalistic practices in the Arab region exploring how Arab journalists understand their roles and how digital technologies in Arab newsrooms are used to influence public opinion Drawing on dozens of articles penned by Arab media professionals and scholars supplemented with informal conversations with journalists this book reviews the historical development of digital journalism in the region and individual journalists perceptions of this development While technology has provided a new platform for citizens and powerful agents to exchange views this text examines how it has simultaneously allowed Arab states and authorities to conduct surveillance on journalists curtail the rise of citizen journalism and maintain

offline hierarchal forms of political economic and cultural powers Mellor also explores how digital technology serves to cement Western hegemony of the information world order with Arab media organisations and audiences judged to be mere recipients rather than producers of such information Arab Digital Journalism offers an important contribution to the emerging field of digital journalism in the Global South and is a valuable resource for students and researchers interested in media journalism communication and development studies The Russian Invasion of Ukraine, February - December 2022

John S Harrel, 2024-01-30 For the Military Enthusiast an intriguing view of the war through the eyes of a contemporary Western Military Officer ARGunners.com On 24 February 2022 Russian forces invaded Ukraine intending to overthrow the Zelensky government and bring the former Soviet republic back into the Russian sphere of control Vladimir Putin clearly expected a quick victory and many in the West also predicted that Kiev would fall in a few days But they hadn't counted on the skilled courageous and determined resistance of the Ukrainian armed forces nor the degree to which Russian military might had been overestimated The initial Russian dash for Kiev was thrown back and their advances in the east and south also slowed by a combination of fierce resistance and their own unpreparedness inadequate logistical planning and incompetent command While the Russians ground their way forward in the east and south of the country devastating towns and cities they paid a heavy price in casualties and equipment losses A carefully planned Ukrainian counteroffensive in the summer forced the invaders into a series of humiliating retreats As winter approached the Russians still held considerable territory but the initiative and strategic momentum had clearly swung to the defenders The illusion of Russian invincibility was shattered forever US Major General retired John S Harrel a graduate of the US Army War College trained with the Ukrainian army in the 1990s and in 2006 and commanded Ukrainian troops as part of the NATO force in Kosovo in 2005 His military expertise and detailed knowledge of the combatants informs this clear narrative and analysis of the course of the first 10 months of the war He gives the reasons for the failure of the Russian invasion and conversely explains how the Ukrainian defense exceeded expectations while acknowledging that strategic mistakes were made on both sides

Overseas Bases and US Strategy Jonathan Stevenson, 2022-08-01 Overseas military bases have been the bedrock of the United States ability to project military power exert political influence and deter potential adversaries since the Second World War But fatigue with America's forever wars as well as more nuanced financial and strategic reasons has inclined the public and policy community to favour reducing US global military activities and overseas presence In this Adelphi book Jonathan Stevenson argues that this desire does not necessarily translate into sound strategy Overseas bases are a key element of the reassurance required to resurrect and bolster America's reputation among its allies and adversaries Meanwhile strategic imperatives and geopolitical realities impose restraints in every theatre The fluidity prevailing in the Middle East and Indo Pacific counsels maintaining forward deployed forces there at roughly the current level Russia's confrontational posture towards NATO and invasion of Ukraine as well as NATO's short and medium term reliance on US

capabilities require the American presence in Europe to increase and expand eastward The US should not commit itself to a foreign policy that is heavy on forward deployed military power and light on diplomacy But paradoxically reducing forward military presence may not be consistent with a policy that is less focused on military power as a means of achieving stability and security

The Super Summary of World History Revised Alan Dale Daniel BA MBA JD,2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn't just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence

The Soul Conquers Pieter R. Wiederhold,2006-12-01 A young boy who spent the first fourteen years of his life wealthy and protected suddenly faced five years of fighting to stay alive in Japanese concentration camps Author Pieter R Wiederhold wonders how he managed to survive at all during that difficult and horrifying time He shares the untold story of the other holocaust and the courage and endurance of the persecuted people in his biography The Soul Conquers Indonesia was a three hundred year old Dutch colony at the time of the World war and during its Japanese occupation the country suffered greatly Many historians called this brutal occupation with lasted until 1945 the other holocaust The harrowing event provides the setting for a mesmerizing true story In this memoir Wiederhold bares his life story recalling his experiences in the intern camps with his father and a fellow prisoner named Aaron Vandenberg God loving man who became a source of strength for the author and his father The Soul Conquers is a fascinating story of a young boy and his father struggling to stay alive The authors vivid childhood experiences give us a glimpse of the sufferings during war and the inner strength that comes from the peoples will to survive This captivating tale is Wiederholds tribute to the strength of the power of human spirit and a friendship of epic proportions

WHAT PEOPLE ARE SAYING When the book arrived I opened it immediately and read for a straight eight hours cover to cover nonstop To me it was a page turner and with a reading glass to boot I think Pieter has created a masterpiece he tells a story that as far as my past reading on WWII goes has not been told before I have only known Pieter professionally I had no idea how much he suffered in his youth Clearly it made his soul stronger the title is well chosen David Beaubien Retired Sr Vice President of E G G Inc I finished your book last week and believe me I was overwhelmed by it It brought back so many memories and I used to wonder if the government made some of it up but they could not do justice to it like your book does I am so glad you put it down into a book I hope someone puts it into a movie Your bonding with Aaron van den Berg was so touching I had tears in my eyes You certainly are very versatile So many different careers in one lifetime Thanks for a wonderful and informative book By Joan Fetterman

Inside Central Asia ,2001 *My Dumpling Your Dumpling* K.E. Bartlet,2025-01-07 North Korean troop movements not tied to a known exercise A missing NSA engineer on Temporary Duty as a special advisor to Commander United States Forces Korea Recent failures by the CIA the effects of which are being felt throughout the entire U S Intelligence Community Enter the wildcard the U S Defense Intelligence Agency s Special Operations Groups Purpose built task organized elements of the best and brightest America has to offer Hollywood loved the CIA even occasionally giving the NSA some love These unsung heroes part of the DIA s own Human Intelligence HUMINT arm known as the Defense Clandestine Service do what they do best Committed to Excellence in Defense of the Nation unknown to all but those who matter each other Amidst the political turmoil that has plagued the United States for as long as political parties have placed their partisan political platforms above the national interest these dedicated professionals defenders of all that is good and right about what Alexander Hamilton called The Great American Experiment fight not for any color or creed but all Americans Past Present Future These are their stories In her breakout work author K E Bartlet a professional hacker turned cyber warrior turned everyday whackadoo brings you a political techno thriller unlike any other Written from a perspective the genres have sorely missed *My Dumpling Your Dumpling* Book 1 in The Fall of the CRINK Alliance series takes you throughout East and Southeast Asia on a constantly evolving 21st Century battlefield Infused with just enough romance tragedy and food to be both like the world we live in and a great escape fans of Tom Clancy David Baldacci Andrew Watts and similar authors will love the seminal work from this emerging author Senior Leadership Roundtable on Military and Defence Aspects of Border Security in South East Europe Itamara V. Lochard,2019-02-15 The region of South East Europe SEE which is home to both NATO and Partnership for Peace PfP countries serves as an important corridor between Europe and the Middle East North Africa and the Caucasus In recent years however SEE has also experienced high levels of cross border military and defense related challenges in the form of migration smuggling terrorism and cyber threats Furthermore the use of the new information environment IE to further extremism in SEE and elsewhere in NATO and PfP countries has had far reaching command and control C2 implications for the Alliance A collaborative interdisciplinary international and regional approach is clearly needed to adequately assess and address these hybrid threats This book presents papers delivered at the NATO Science for Peace and Security SPS event Senior Leadership Roundtable on Military and Defense Aspects of Border Security in South East Europe held in Berovo the Former Yugoslav Republic of Macedonia from 23 30 September 2017 The aim of this special SPS grant was to maximize opportunities for extensive dialogue and collaboration between senior regional members and the almost 70 distinguished academic and legal experts as well as current or former senior level practitioners from various governments NATO bodies and international organization that participated It was the first SPS event of its kind in SEE as well as the first NATO SPS grant to be co executed by the U S Department of Defense via the U S National Defense University Other co organizers were the C4I and Cyber Center of Excellence at George Mason University and PfP partner

institution the General Mihailo Apostolski Military Academy Skopje Associate Member of the University of Goce Delcev Stip
The book is divided into five parts global trends defining the problem policy and academic solutions national and regional
case studies and technological solutions It will prove an invaluable source of reference for all those with an interest in the
SEE region as well as cross border hybrid threats in general Turkey recognizes the Republic of Macedonia with its
constitutional name
