Fox Report Weekend Anchor:

The Silencing Kirsten Powers, 2015-05-11 Lifelong liberal Kirsten Powers blasts the Left's forced march towards conformity in an exposé of the illiberal war on free speech. No longer champions of tolerance and free speech, the illiberal Left now viciously attacks and silences anyone with alternative points of view. Powers asks: What ever happened to free speech in America?

Bloodthirsty Bitches and Pious Pimps of Power Gerry Spence, 2025-09-23 Ann Coulter, Laura Ingraham, Nancy Grace, Bill O'Reilly, Sean Hannity, Pat Robertson. Their faces and voices are ubiquitous; the shrill shrieks and strident bellowings that drown out all debate and set every listener on edge, using God's and Jesus's names to justify oppression and ignorance and spread falsehoods as if they were facts. They occupy the bully pulpit of the new American hate culture: the television and radio programs watched and heard by millions of people that shape the opinions and set the agendas of churches, school boards, political action groups, and ultimately those we have elected to represent all of us. Gerry Spence takes dead aim at the media demagogues who wield their power with such virulent effect. Using the full force of his own rhetorical skill, developed through decades as a legendary defense attorney, Spence exposes the people behind the words and carves their arguments with the rough edge of his tongue. Anyone who has had it up to here will cheer to see these bullies met and conquered on their own turf.

Media Ethics Clifford G. Christians, Mark Fackler, Kathy Brittain, Richardson, Peggy Kreshel, 2016-10-04. *Media Ethics: Cases and Moral Reasoning* challenges readers to think analytically about ethical situations in mass communication through original case studies and commentaries about real-life media experiences. This text provides a comprehensive introduction to the theoretical principles of ethical philosophies facilitating ethical awareness. It introduces the Potter Box with its four dimensions of moral analysis to provide a framework for exploring the steps in moral reasoning and analyzing the cases. Focusing on a wide spectrum of ethical issues faced by media practitioners, the cases in this Tenth Edition include the most recent issues in journalism, broadcasting, advertising, public relations, and entertainment. Visit the companion website at www.mediaethicsbook.com.

Journalism in the Generation Z Age D. Jasun Carr, Mitchell T. Bard, 2023-12-18. This book examines how Generation Z, defined by their orientation as social media natives, grew up in a media system centered around social media. D. Jasun Carr and Mitchell T. Bard explore how Gen Z consumes news media differently than other cohorts and how this shift in consumption affects both the members of Gen Z, the media, and media scholarship. The authors take a media ecology approach to laying out the new media landscape in which Gen Z was raised, before looking at how this new ecology affects many of the traditional theories and underpinnings of media effects, media psychology, and journalism. Through the use of original experimental research and the compilation of extant theory and survey data, Carr and Bard argue that while members of Gen Z eschew the more traditional structures of the media ecosystem in favor of those that incorporate a social element, they nevertheless behave in many ways similarly to those who came before. Scholars of communication, media studies, social media, and journalism will find this book of particular interest.

Television Journalism Stephen Cushion, 2011-11-10 Amidst the glut of studies on new media and the news the enduring medium of television finally gets the attention it deserves Cushion brings television news back into perfect focus in a book that offers historical depth geographical breadth empirical analysis and above all political significance Through an interrogation of the dynamics of and relations between regulation ownership the working practices of journalism and the news audience Cushion makes a clear case for why and how television news should be firmly positioned in the public interest It should be required reading for anyone concerned with news and journalism Natalie Fenton Goldsmiths University of London An admirably ambitious synthesis of journalism scholarship and journalism practice providing a comprehensive resource of historical analysis contemporary trends and key data Stewart Purvis City University and former CEO of ITN Despite the democratic promise of new media television journalism remains the most viewed valued and trusted source of information in many countries around the world Comparing patterns of ownership policy and regulation this book explores how different environments have historically shaped contemporary trends in television journalism internationally Informed by original research *Television Journalism* lays bare the implications of market forces public service interventions and regulatory shifts in television journalism s changing production practices news values and audience expectations Accessibly written and packed with topical references this authoritative account offers fresh insights into the past present and future of journalism making it a necessary point of reference for upper level undergraduates researchers and academics in broadcasting journalism mass communication and media studies

News Grazers Richard Forgette, 2018-01-12 Politicians and journalists have never been among the most trusted professional classes in this book author Richard Forgette posits a news grazing explanation of how and why Forgette an expert on the U S Congress and public policy draws upon direct experimental research to argue that the diffusion of media outlets and media technologies have resulted in an increasingly fragmented and distracted news audience

Presidential Framing in the 21st Century News Media Jennifer Rose Hopper, 2017-01-20 The Patient Protection and Affordable Care Act came into existence at a time when the president s ability to lead the public was in question political polarization had intensified and the media environment appeared ever more fragmented fast moving and resistant to control Under such circumstances how can contemporary American presidents such as Barack Obama build and maintain support for themselves and their policies particularly as controversies arise Using case studies of major contests over how key elements of the Affordable Care Act would be framed and analysis of how those frames fared in influential and popular U S news sources Hopper examines the conditions under which the president can effectively shape public debates today She argues that despite the difficult political and communications context the president retains substantial advantages in framing major controversial issues for the media and the public These presidential framing advantages are conditional however and Hopper explores the factors that help make presidential frames more or less likely to gain hold in the news today More so than in the past an element of unpredictability in this news

environment means that in pursuing favorable messaging the president and his surrogates may also generate some unintentional consequences in how issues are portrayed to the public. Presidential frames can evolve with unfolding events to take on new meanings and applications a process facilitated alternately by supporters opponents and media actors. Still media figures and political opponents remain largely reactive to presidential communications even as some seek to publicize and exploit weaknesses in the administration's narratives. A close look at these recent cases casts new light on the scholarly debate surrounding the president's ability to persuasively communicate and challenges conventional wisdom that the 21st century media largely present an unmanageable news environment for the White House.

Presidential Framing in the 21st Century

News Media engages with current events in American politics focusing on the Obama Administration and the Affordable Care Act while also reflecting upon the state of the American presidency the news media and the public in ways that have substantial implications for all of these actors not merely in the present but into the future making it a compelling read for scholars of Political Science Media Studies Communication Studies and Public Policy.

The Big Lie Jonathan Lemire, 2022-07-26 In this probing and illuminating analysis Jonathan Lemire uncovers how The Big Lie has become a political philosophy that continues to divide America. From the WHITE HOUSE BUREAU CHIEF OF POLITICO and the host of MSNBC's WAY TOO EARLY comes a thought provoking exploration of the current state of American politics democracy and elections. Lemire has done his homework praises The Guardian Donald Trump first tested The Big Lie in 2016 at an August rally in Ohio suggesting he might not accept the election results in his race against Hillary Clinton claiming the election was rigged. Though he didn't have to challenge the result that year the stage was set. When he lost in 2020 he revived the lie with devastating consequences an insurrection at the Capitol in January 2021. In the tumultuous paradigm shifting years of Trump's presidency and beyond his near constant lying has become a fixture of political life. It is inextricably linked with how his party behaves how the Democrats respond and how he remains relevant even after a decisive loss in 2020. Written with sharp political insight and detailed with dozens of interviews The Big Lie is the first book to examine this unprecedented and tenuous moment in our nation's politics exploring the deep divisions in American society and the disinformation that continues to shape our political discourse.

Encyclopedia of Journalism Christopher H. Sterling, 2009-09-23 Written in a clear and accessible style that would suit the needs of journalists and scholars alike this encyclopedia is highly recommended for large news organizations and all schools of journalism. Starred Review Library Journal Journalism permeates our lives and shapes our thoughts in ways we've long taken for granted. Whether we listen to National Public Radio in the morning view the lead story on the Today show read the morning newspaper headlines stay up to the minute with Internet news browse grocery store tabloids receive Time magazine in our mailbox or watch the nightly news on television journalism pervades our daily activities. The six volume Encyclopedia of Journalism covers all significant dimensions of journalism including print broadcast and Internet journalism U.S. and international perspectives history technology legal issues and court cases.

The Epistemology of Fake News Sven Bernecker, Amy K. Flowerree, Thomas Grundmann, 2021-06-10 News is vital for a healthy democracy Collective decision making requires accurate reliable information Nevertheless much of the information we encounter is inadequate for this task And some peddled by politicians profiteers bots and algorithms is fake Social media platforms and emerging technologies allow fake news to dominate our information landscape An adequate understanding our current information landscape calls for a new discipline the epistemology of fake news The epistemology of fake news studies knowledge communication under imperfect conditions This book is the first sustained inquiry into the new epistemology of fake news The chapters authored by established and emerging names in the field pursue three goals First to analyse the meaning and novelty of fake news and related notions such as conspiracy theory Second to discuss the mechanics of fake news exploring various practices that generate or promote fake news Third to investigate potential therapies for fake news
