QUESTION 16 Option D: The Cold War 1945-1991
(25 marks)

(B) Who was more significant in ending the Cold War: Reagan or Gorbachev? 25

During the Cold War, two men who are in charge of their countries, Ronald Reagan of the United States and Mikhail Gorbachev of the Soviet Union, both understood the importance of co-existence and the importance of working towards peace. One man, between the two, through his policies, achievements and impacts he had done clearly played a more significant role towards achieving the end of the Cold War. Gorbachev's policies like glasnost, perestroika, abandonment of the Brezhnev doctrine, all of which aided in creating and accelerating the conditions which led to the unintentional collapse of the Soviet Union, which eventually led to the end of the Cold War. This essay will determine how Gorbachev's role in ending the Cold War to be more significant by listing and comparing his policies and its impacts with Reagan's.

good introduction
very brief in introduction
is
just a few lines

Part 1 Foreign Policy

One of the main difference between the two leaders is the nature of their foreign policy. During the early half of 1980s Reagan was determined to restore American prestige and to incidents such as the Iran-Contra affair, hostage crises and the Soviet's benefiting too much from détente. Reagan's foreign policy may be described as aggressive as he does not wish the USA to be played around, as well as under the Reagan Doctrine where the USA is determined to fight or repel communism no matter what it takes.
