How To Ruin Your Financial Life:

How to Ruin Your Financial Life Ben Stein, 2010-07 Anyone can write a book about how to get rich The bookstores are full of them They rarely work though which isn't surprising since the people who write them rarely know much about money But it takes Ben Stein economist finance expert for Barron's commentator on finance for Fox News and fairly successful investor to write a book called *How to Ruin Your Financial Life* This book is a humorous road map showing you how to make something useful of the money that comes in and out of your life Follow the rules in reverse gear and you're bound to be a lot better off than you are now Follow the rules as they're written and you're highly likely to wind up in bankruptcy court as millions do every decade

How to Ruin the United States of America Ben Stein, 2010-06-21 On the heels of his very successful books *How to Ruin Your Life* *How to Ruin Your Love Life* and *How to Ruin Your Financial Life* Ben Stein in collaboration with his pal Phil DeMuth has tongue firmly in cheek once again as he comes up with surefire ways to ruin the greatest nation in the history of the human race Try a few of these on for size Trust the United Nations to protect us and our security Make it unlawful to worship God or even to show images of the Ten Commandments Convert our universities into fortresses of anti-Americanism hatred of freedom and centers of confusion and ignorance Encourage contempt for the family and for the community Allow Hollywood to brainwash us into believing that only suckers and criminals fight for their country Treat the military the police firefighters and teachers as losers and pay them starvation wages Hey does any of this sound familiar Maybe that's because it's already happening Ben and Phil give you all the information you'll ever need in order to successfully ruin the USA even further Sardonic humorous but also angrily emphatic this is a book every old fashioned patriot really needs to read

Yes, You Can Still Retire Comfortably! Ben Stein, Phil Demuth, 2006-08-01 This is a survival manual for the difficult but exciting road to retirement security

How to Overcome Your Financial Challenges Diane E. Smith, 2010-03-29 The Financial Truth Let's be honest money is a predetermined tool and only so much of it will flow through our hands during our lifetime Since we can only use money once it is crucial that we use it wisely There are endless ways to spend our money Trying to fulfill our financial needs wants and coveting desires can run up a huge tab Not to mention all the seducing advertising messages that are constantly influencing us to buy spend and borrow Before we know it we are living beyond our means and our finances are totally out of control Maybe you are living paycheck to paycheck or experiencing a temporary setback or perhaps you plainly need a minor money tune up It doesn't matter With a little help and self discipline you can overcome your money challenges and regain control of your finances Unfortunately most Americans have nothing to show at the end of their working years Bills still arrive at their mailbox every month Sadly many will retire broke and penniless Even though a million or more dollars pass through their hands during their working years most end up with no monetary support system in place Seek and practice financial truths that will make you financially FREE The truth is with the right plan you can achieve financial peace and prosperity in this lifetime
