For instance, Allport defined it as "a dynamic organization, inside the person, of psychophysical systems that create the person's characteristic patterns of behavior, thoughts and feelings" (*Personality*, n.d., p. 294).

Other scholars concentrated their attention on the additional features of personality. For example, Child insisted on the importance of the consistency and difference of behavior in definition of personality (*Personality*, n.d.). One of the broadest definitions is given below.

**An Introduction to the Study of Poetry** Henry Bernard Cotterill, 1882      **Sociology: A Systematic Introduction** Harry M. Johnson, 1966-07-12

Harry M. Johnson's *Sociology: A Systematic Introduction* stands as a landmark in sociological education, blending scholarly rigor with accessibility. Echoing Donald Fleming's ideal of a textbook that channels consensus without stifling innovation, Johnson's book offers a coherent yet flexible account of core sociological principles. It is both a manual for students and a treatise that contributes meaningfully to the discipline. Rather than impose a rigid framework, Johnson draws upon a working consensus in sociology, often associated with structural functionalism, while avoiding theoretical dogmatism. He integrates a wide range of empirical evidence from diverse sources, including anthropology, political science, and economics, without ever losing focus on sociological relevance. This is not a superficial or oversimplified text. Instead, Johnson invites readers to think critically, offering a balanced blend of theoretical insight and empirical depth. He presents complex topics like ideology, authority, and bureaucracy with clarity and substance. The annotated bibliographies at the end of each chapter further enrich the text, guiding students toward deeper inquiry. While demanding intellectual effort, the book rewards it with understanding, not rote memorization. Johnson's lucid and graceful writing elevates the student's learning experience, making the book an enduring educational resource. It is a textbook that teaches and inspires by example, preparing students for advanced study and independent sociological thought.
