Inventing Arguments 2nd Edition Mauk Metz:

Inventing Arguments John Mauk, John W. Metz, 2009 Organized around common rhetorical situations that occur all around us INVENTING ARGUMENTS Fourth Edition shows students that argument is a living process rather than a form to be modeled The text's prominent focus on invention teaches students to recognize the rhetorical elements of any argumentative situation and apply the tools of argument effectively in their own writing Students are introduced to the basic layers of argument in early chapters with material arranged into increasingly sophisticated topics beginning with the most obvious or explicit layers claims and moving to more implied or hidden layers values beliefs ideology By the time they finish Chapter 4 your students will have a thorough understanding of argument which they can then apply to the invention projects in chapters 6-11

Reinventing (with) Theory in Rhetoric and Writing Studies Andrea Alden, Kendall Gerdes, Judy Holiday, Ryan Skinnell, 2019-10-21 Reinventing with Theory in Rhetoric and Writing Studies collects original scholarship that takes up and extends the practices of inventive theorizing that characterize Sharon Crowley's body of work Including sixteen chapters by established and emerging scholars and an interview with Crowley the book shows that doing theory is a contingent and continual rhetorical process that is indispensable for understanding situations and their potential significance and for discovering the available means of persuasion For Crowley theory is a basic building block of rhetoric produced by and within specific times and locations as a means of opening other ways of believing or acting Doing theory in this sense is the practice of surveying the common sense of the community doxa and discovering the available means of persuasion invention The ultimate goal of doing theory is not to prescribe certain actions but to ascertain what options exist for rhetors to see the world differently to discover new possibilities for thought and action and thereby to effect change in the world The scholarship collected in Reinventing with Theory in Rhetoric and Writing Studies takes Crowley's notion of theory as an invitation to develop new avenues for believing and acting By reinventing the understanding of theory and its role in the field this collection makes an important contribution to scholarship in rhetorical studies and writing studies It will be valuable to scholars teachers and students interested in diverse theoretical directions in rhetoric and writing studies as well as in race gender and disability theories religious rhetorics digital rhetoric and the history of rhetoric Publication supported in part by the Texas Tech University Humanities Center Contributors Jason Barrett Fox Geoffrey Clegg Kirsti Cole Joshua Daniel Wariya Diane Davis Rebecca Disrud Bre Garrett Catherine C Gouge Debra Hawhee Matthew Heard Joshua C Hilst David G Holmes Bruce Horner William B Lalicker Jennifer Lin LeMesurier James C McDonald Timothy Oleksiak Dawn Penich Thacker J Blake Scott Victor J Vitanza Susan Wyche
