

## Empire Tadao Invert Mini Board Instructions

Updated 2/2008

### Features

- Fully functional in the Empire Invert Mini
- Based on the Microsoft 7 software
- New model microcontroller runs at 8 MHz for no hardware lag and the fastest code execution
- Enhanced power switching hardware for the solenoid
- Includes 12 fire modes: uncapped semi-auto, capped semi-auto, PSP auto-response, PSP 50% capping, PSP 100% capping, PSP burst, NXL full-automatic, auto-response, 50% capping, 100% capping, 3 round burst, and full-automatic
- Asynchronously monitors the trigger switch, using an interrupt based scan at 2 million times per second
- G mode setting allows 3 different options for every fire mode, giving 36 different "breakout" style modes
- Adjustable ABS programming prevents first shot drop-off
- AMB (anti-mechanical bounce) and CPF (cycle percentage filter) algorithms help to eliminate mechanical bounce and switch bounce
- Power efficient software and hardware lengthens battery life
- Programming mode allows changes to debounce, dwell, loader delay, AMB, ABS dwell, fire mode, fire mode max rate of fire, eye mode, CPF, ramp start, G mode, bolt delay, and training mode dwell
- All settings are stored in non-volatile memory so they are not lost when battery is disconnected
- One-touch startup enables the marker to fire instantly
- Automatic 15-minute idle power down saves batteries
- 4 eye modes: delayed, forced with fence shot, test mode with rate of fire indicator, and reduced dwell training mode with rate of fire indicator
- Low battery indicator hardware and software shows battery level each time the marker is turned on

### LED Indicator

The multi-color LED that shines out the rear of the fore grip shows which mode of operation the marker is currently in:

|                       |                                                                                                                                                  |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Rapid Blinking Red    | At startup this indicates an exhausted battery                                                                                                   |
| Rapid Blinking Yellow | At startup this indicates a low battery                                                                                                          |
| Rapid Blinking Green  | At startup this indicates a good battery                                                                                                         |
| Solid Blue            | Bolt in breach, ready to fire                                                                                                                    |
| Slow Blinking Blue    | No bolt in breach                                                                                                                                |
| Slow Blinking Yellow  | Eye malfunction, max rate of fire reduced to 12 bps; clean eyes or make sure the gun is fired with paint and air                                 |
| Slow Blinking Red     | Eyes disabled, rate of fire limited to 20 bolts per second in mode 1; otherwise capped at fire mode max rate of fire for fire modes 2 through 12 |

### Power Operation

Pressing and releasing the power button turns the marker on. The battery indicator will show the current power level of your battery with a flickering red, yellow, or green LED. After, it will show a solid or blinking blue. To turn off, press and hold the power button for 1.5 seconds, until the LED turns off, then release. Every time the marker is turned on, the eyes are enabled. The marker can be turned off regardless of the state of the eyes.

### Eye Operation and Logic

The eyes are enabled when the marker is first turned on. The eyes can be toggled by using the power button. Press and release the power button quickly and the LED will change colors to indicate the mode change.

If used, the eye system cycles the marker as fast as possible. During each shot the eyes watch for the bolt to return, ending the current firing cycle and starting another as quickly as the programming allows. If the eye system is continually blocked (e.g. putting your finger in front of the eyes) and is unable to see the bolt return after every shot, the max rate of fire will be reduced to about 12 bolts per second to

prevent further chopping, and the LED will blink yellow to indicate an eye malfunction. Firing the marker with paint and air will utilize the eye system correctly, maintaining the rate of fire. When the eyes are off, the max of fire is limited to 20 bolts per second unless in fire mode 2-12, in which case the rate of fire is selected by the user.

To determine if the eyes are working correctly, insert an object into the breach. Check to see if the LED changes from blinking blue to solid blue and then back to blinking blue once the object is removed.

### Battery Indicator

Battery indicator software and hardware are standard on the Empire Tadao Invert Mini board. When the marker is turned on, the LED will briefly flicker red, yellow, or green to indicate the status of your battery. If it flickers red, the battery is exhausted and should be changed as soon as possible. If it flickers yellow, the battery may last for another case of paint, but it is close to failing.

### Programming

The tournament lock must be disabled in order to change settings on the board. Pushing the small switch to the left of the battery terminals toggles the tournament lock. While the marker is turned off, push and hold the lock button. The LED will flash red or green to indicate the status of the lock. Red means the lock is on, while green means the lock is off. When the lock and the marker are off, pull and hold the trigger, then push the power button. The marker will boot into programming mode, showing a rainbow sequence before stopping at solid green.

Pulling and releasing the trigger quickly will toggle between the different programming modes:

|                        |                               |
|------------------------|-------------------------------|
| Green                  | Debounce                      |
| Purple                 | Bolt forward dwell            |
| Yellow                 | Loader delay                  |
| Blue                   | AMB (anti-mechanical bounce)  |
| Red                    | ABS dwell                     |
| White                  | Fire mode                     |
| Teal                   | Fire mode max rate of fire    |
| Flickering Green       | Eye mode                      |
| Flickering Purple      | CPF (cycle percentage filter) |
| Flickering Yellow      | Ramp start                    |
| Flickering Blue        | G mode                        |
| Flickering Red         | Bolt delay                    |
| Flickering White       | Training mode dwell           |
| Flickering Teal        | Wireless loader dwell         |
| Alternating Blue/Green | Bolt return dwell             |

When the LED is lit for the desired setting, press and hold the trigger until the LED goes out. When you release the trigger, the LED will blink to show the current setting. For example, if the current setting for debounce is 5, the LED will blink green 5 times. Once the LED stops blinking, you have 2 seconds to begin entering the new setting. To enter the new setting, pull the trigger the desired number of times. For example, to set the debounce to 2, you must pull the trigger 2 times. Every time you pull the trigger the LED will light. After all settings have been changed, turn the marker off, using the power button.

### Programming Example

If you want to set the bolt forward dwell to 12, you should:

1. Make sure the marker is powered-off and the tournament lock is disabled.
2. Pull the trigger and push the power button to turn on the marker.
3. The LED shows a rainbow sequence then stops on solid green. This is the debounce mode.
4. Quickly pull and release the trigger 1 time to switch to the bolt forward dwell setting. The LED will show purple.
5. Pull and HOLD the trigger until the LED turns off.
6. Release the trigger. The LED will blink out the current setting.
7. When the LED stops blinking, enter the new setting by pulling the trigger 12 times.
8. Wait until the LED turns back on, indicating programming has been completed.
9. Turn the marker off.

### Program Reset

To reset all settings to factory defaults, hold down the lock button for 10 seconds while in programming mode. The LED will rapidly cycle through every setting color to indicate that the process has completed.

### **Invert Mini Tadao Board Manual Introduction**

Invert Mini Tadao Board Manual Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Invert Mini Tadao Board Manual Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Invert Mini Tadao Board Manual : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Invert Mini Tadao Board Manual : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Invert Mini Tadao Board Manual Offers a diverse range of free eBooks across various genres. Invert Mini Tadao Board Manual Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Invert Mini Tadao Board Manual Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Invert Mini Tadao Board Manual, especially related to Invert Mini Tadao Board Manual, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Invert Mini Tadao Board Manual, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Invert Mini Tadao Board Manual books or magazines might include. Look for these in online stores or libraries. Remember that while Invert Mini Tadao Board Manual, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Invert Mini Tadao Board Manual eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Invert Mini Tadao Board Manual full book , it can give you a taste of the authors writing style. Subscription Services

Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Invert Mini Tadao Board Manual eBooks, including some popular titles.

### FAQs About Invert Mini Tadao Board Manual Books

1. Where can I buy Invert Mini Tadao Board Manual books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Invert Mini Tadao Board Manual book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Invert Mini Tadao Board Manual books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Invert Mini Tadao Board Manual audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or

community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.

10. Can I read Invert Mini Tadao Board Manual books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
