Remapping African Literature Olabode Ibironke, 2018-02-12 This book is an exploration of the material conditions of the production of African literature Drawing on the archives of Heinemann's African Writers Series it highlights the procedures relationships demands ideologies and counterpressures engendered by the publication of three major authors Chinua Achebe Wole Soyinka and Ngugi wa Thiong'o As a study of the history and techniques of African literary texts this book advances a theory of reciprocity of effects what it terms auto heteronomy to describe the dynamic of formalist activism by which texts anticipate and shape the forces of literary production in advance It serves as a departure from the death of the author thesis by reconsidering the role of the author in African literature and culture industry as well as the influence of African publics on writers aesthetic choices and on the overall processes of production This work is a major contribution to African literary history literary criticism and book history

Not So Innocent Abroad Ulrike Brissin, Bernard Schweizer, 2009-10-02 With its specific focus on the connections between politics travel and travel writing *Not So Innocent Abroad* offers a fresh approach to the study of travel literature The authors make clear that travel and travel writing are never an innocent enterprise rather journeying always occurs within political systems and travel writing either reflects the traveler's political stance includes political aspects of foreign cultures or directly or indirectly influences political decisions In contrast to most scholarly publications that primarily focus on travel literature of former colonial nations this volume includes a broader range of travelogues depicting cultures worldwide spanning from the eighteenth to the twenty first century It thus offers with its comparative approach not only a geographically wide selection but also an historical dimension to the political aspects of travel writing Although most travel literature generally has followed the Horatian principle to instruct and delight the armchair traveler the authors of this volume clearly address the broader political implications of travel and travel writing within networks of naked politics such as international or interior conflicts emigration laws or national propaganda They also

reveal how insidiously political messages are dissimulated through travel writing *Art Nexus*, 2007 *Southern Journeys*
 Richard D. Starnes, 2003-07-23 The first collection of its kind to examine tourism as a complicated and vital force in southern
 history culture and economics Anyone who has seen Rock City wandered the grounds of Graceland hiked in Great Smoky
 Mountains National Park or watched the mermaids swim at Weeki Wachee knows the southern United States offers visitors a
 rich variety of scenic cultural and leisure activities Tourism has been and is still one of the most powerful economic forces in
 the modern South It is a multibillion dollar industry that creates jobs and generates revenue while drawing visitors from
 around the world to enjoy the region's natural and man-made attractions This collection of 11 essays explores tourism as a
 defining force in southern history by focusing on particular influences and localities Alecia Long examines sex as a
 fundamental component of tourism in New Orleans in the early 20th century while Brooks Blevins describes how tourism
 served as a modernizing influence on the Arkansas Ozarks even as the region promoted itself as a land of quaint primitive
 hillbillies Anne Whisnant chronicles the battle between North Carolina officials building the Blue Ridge Parkway and the
 owner of Little Switzerland who fought for access and advertising along the scenic highway One essay probes the racial
 politics behind the development of Hilton Head Island while another looks at the growth of Florida's panhandle into a
 redneck Riviera catering principally to southerners rather than northern tourists *Southern Journeys* is a pioneering work in
 southern history It introduces a new window through which to view the region's distinctiveness Scholars and students of

Bianchi,2003-09 Publisher Fact Sheet An intimate look drawn from hundreds of interviews and statements from Jesuits and former Jesuits at the turmoil among Catholicism's legendary best and brightest **Original Sins** Eve L. Ewing,2025-03-04 Why is the American school system neglecting so many of its students In this damning investigation the award winning author and activist posits that it may be because schools were designed to do just that Though the argument of this book is bleak it illuminates a path for a more just future that is nothing short of dazzling Oprah Daily Most Anticipated Books of 2025 This book will transform the way you see this country Michelle Alexander author of *The New Jim Crow* If all children could just get an education the logic goes they would have the same opportunities later in life But this historical tour de force makes it clear that the opposite is true The U S school system has played an instrumental role in creating and upholding racial hierarchies preparing children to expect unequal treatment throughout their lives In *Original Sins* Ewing demonstrates that our schools were designed to propagate the idea of white intellectual superiority to

civilize Native students and to prepare Black students for menial labor Education was not an afterthought for the Founding Fathers it was envisioned by Thomas Jefferson as an institution that would fortify the country's racial hierarchy Ewing argues that these dynamics persist in a curriculum that continues to minimize the horrors of American history The most insidious aspects of this system fall below the radar in the forms of standardized testing academic tracking disciplinary policies and uneven access to resources By demonstrating that it's in the DNA of American schools to serve as an effective and underacknowledged mechanism maintaining inequality in this country today Ewing makes the case that we need a profound reevaluation of what schools are supposed to do and for whom This book will change the way people understand the place we send our children for eight hours a day

The Quest for Eternal Light B.E. Russell, 2025-01-03 When a creeping darkness sweeps across the land corrupting both beasts and magic four unlikely heroes unite to save their kingdom Sir Cedric sworn knight of humble origins Lady Elara a devoted paladin whose faith shines brighter than dawn Thalion an elder mage who values knowledge above all and Mira a prodigious wizard harboring hidden motives Together they must conquer monstrous beasts confront a golden dragon atop the cloud swept peaks and gather relics embodying the realm's elemental forces Their greatest foe lies at the heart of an ancient Shadow Nexus dark crystals brimming with power that twists the land into nightmares In a desperate final stand the heroes attempt a sacred ritual to purge the Nexus's corruption Yet hordes of twisted creatures swarm to defend the dark core testing each champion's strength and unity As the nexus's vile energy threatens to consume Stonehaven entirely one party member sacrifices everything igniting hope even in the blackest night A realm's fate hinges on courage friendship and the bright promise that no matter how deep the shadows grow the light of true heroes can always break through The Quest for Eternal Light is an epic fantasy adventure of resilience sacrifice and the radiant power of unity Experience a world reborn by the indomitable spirit of heroes who dare to stand against nightmare legions and who discover that light once kindled can outlast any darkness

Working-Class Writing Ben Clarke, Nick Hubble, 2018-11-19 This book updates our understanding of working class fiction by focusing on its continued relevance to the social and intellectual contexts of the age of Trump and Brexit The volume draws together new and established scholars in the field whose intersectional analyses use postcolonial and feminist ideas amongst others to explore key theoretical approaches to working class writing and discuss works by a range of authors including Ethel Carnie Holdsworth Jack Hilton Mulk Raj Anand Simon Blumenfeld Pat Barker Gordon Burn and Zadie Smith A key informing argument is not only that working class writing shows working class to be a diverse and dynamic rather than monolithic category but also that a greater critical attention to class and the working class in particular extends both the methods and objects of literary studies This collection will appeal to students scholars and academics interested in working class writing and the need to diversify the curriculum

East Meets West in the Middle Ages and Early Modern Times Albrecht Classen, 2013-09-03 This new volume explores the surprisingly intense and complex relationships between East and West during the Middle Ages and the

early modern world combining a large number of critical studies representing such diverse fields as literary German French Italian English Spanish and Arabic and other subdisciplines of history religion anthropology and linguistics The differences between Islam and Christianity erected strong barriers separating two global cultures but as this volume indicates despite many attempts to Other the opposing side the premodern world experienced an astonishing degree of contacts meetings exchanges and influences Scientists travelers authors medical researchers chroniclers diplomats and merchants criss crossed the East and the West or studied the sources produced by the other culture for many different reasons As much as the theoretical concept of Orientalism has been useful in sensitizing us to the fundamental tensions and conflicts separating both worlds at least since the eighteenth century the premodern world did not quite yet operate in such an ideological framework Even though the Crusades had violently pitted Christians against Muslims there were countless contacts and a palpitable curiosity on both sides both before during and after those religious warfares *Grammars of Creation* George Steiner, 2013-04-16 DIV A fresh revelatory golden eagle s eye view of western literature Financial Times divDIV Early in *Grammars of Creation* George Steiner references Plato s maxim that in all things natural and human the origin is the most excellent Creation he argues is linguistically fundamental in theology philosophy art music literature central in fact to our very humanity Since the Holocaust however art has shown a tendency to linger on endings on sundown instead of sunrise Asserting that every use of the future tense of the verb to be is a negation of mortality Steiner draws on everything from world wars and the Nazis to religion and the word of God to demonstrate how our grammar reveals our perceptions reflections and experiences His study shows the twentieth century to be largely a failed one but also offers a glimpse of hope for Western civilization a new light peeking just over the horizon div *The Cambridge Companion to August Strindberg* Michael Robinson, 2009-09-24 A collection of essays on the highly colourful life and work of August Strindberg dramatist novelist autobiographer and painter *The Novels of Samuel Selvon* Roydon Salick, 2001-04-30 The author of such works as *A Brighter Sun* 1952 *The Lonely Londoners* 1956 and *The Plains of Caroni* 1970 West Indian novelist Samuel Selvon is attracting growing amounts of scholarly attention Nonetheless criticism of his works has largely been imbalanced with most scholarship focusing primarily on his language This book corrects that imbalance by placing Selvon s novels within historical sociological and ideological contexts A new interpretation of Selvon s achievement as a novelist the volume looks for the first time at his works in terms of categories of novels peasant middle class and immigrant The book demonstrates that each category is different from the others and that novels within categories are similar Thus it provides a coherent vision of Selvon s canon It illustrates as well the development of Selvon s philosophy of West Indians as peasant bourgeois and immigrant In doing so it explores the significance of ethnicity in his works and discusses Selvon s imaginative apotheosis of the Indo Trinidadian peasant and the diminution of the Afro Trinidadian immigrant The volume also studies Selvon s fictional and rhetorical techniques and argues that his works range from Bildungsroman to picaresque to epic to satire
