jQuery for Beginners Icode Academy, 2017-07-16 jQuery was written to express in short order the concepts essential to intermediate and advanced jQuery development. Its purpose is to instill in you the reader practices that jQuery developers take as common knowledge. Each chapter contains concepts essential to becoming a seasoned jQuery developer. This book is intended for two types of readers. The first is someone who has read introductory material on jQuery and is looking for the next logical step. The second type of reader is a JavaScript developer already versed in another library now trying to quickly learn jQuery. I crafted this book to be used as my own personal reference point for jQuery concepts. This is exactly the type of book I wish every JavaScript library had available. This updated and expanded second edition of Book provides a user friendly introduction to the subject. Taking a clear structural framework it guides the reader through the subject's core elements. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts. This succinct and enlightening overview is a required reading for all those interested in the subject. We hope you find this book useful in shaping your future career.

Business Beginning JavaScript and CSS Development with jQuery Richard York, 2011-02-09 This book covers the jQuery JavaScript framework and the jQuery UI JavaScript framework to get more results faster out of JavaScript programming. The author covers each method exposed by jQuery's API which contains methods to resolve common redundant tasks in less code. You will also learn how jQuery eliminates certain cross browser cross platform development headaches like the event model. In addition to giving you the ability to simulate events this book also helps simplify your work with events by reducing the amount of code that you need to write to attach events.

[The Joy of JQuery](#) Alan Forbes, 2013-11-11 From the author of the 1 best seller The Joy of PHP comes another great beginner's guide for those seeking to learn jQuery. jQuery is a programming language you can use to create cool web applications. It's free, powerful, simple to reference in your web pages and now easy to learn too. You can get started quickly and you won't outgrow it later when you get really good at it. Learning jQuery is well worth the time and effort you put into it. Frankly it's just plain fun too. That's what inspired this book. Most programming
