Launching New Ventures

An Entrepreneurial Approach

Kathleen R. Allen

Launching New Ventures Kathleen Allen

Kathleen R. Allen

Launching New Ventures Kathleen Allen:

Launching New Ventures: An Entrepreneurial Approach Kathleen R. Allen, 2018-12-17 LAUNCHING NEW VENTURES 8e provides tomorrow's entrepreneurs with the tools to launch a successful new business in a global marketplace today. When you have completed this book and its activities, you will not be able to make a wise decision about whether entrepreneurship is for you; you will have learned and practiced the skills and tools needed for success. Even if you decide that entrepreneurship is not for you, the skills and tools you will have acquired will be valuable in any career you choose because every career is associated with business. You will find that the book has a journalistic style so it's very readable. And with the new online digital activities, you'll be able to break up your reading with a learning activity to reinforce what you've read. Part One introduces the foundations of entrepreneurship and helps you understand the entrepreneur's journey, including the kinds of decisions that entrepreneurs make. It also explains the opportunity creation process and the tasks that you must undertake before starting a business. Part Two addresses the heart of entrepreneurial activity: the development and testing of a new business model through feasibility analysis. Here you will learn the tools and skills needed to validate an opportunity, build a founding team, and estimate startup requirements. Part Three focuses on the planning that goes into designing an effective, scalable startup organization, including a marketing plan. It also addresses the key topics of ethics, social responsibility, and the legal form of organization. Part Four looks at planning for growth and change in your new organization and includes growth funding, growth strategies, accessing the public markets, and planning for harvest and exit. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Allen, 1995 *New Venture Creation* Kathleen R. Allen, 2010 Suitable for courses in entrepreneurship, small business management, and starting new ventures, this book presents the tools needed to start a successful new venture in a global marketplace. [Launching New Ventures](#) Kathleen R. Allen, 1999 Explores entrepreneurship and the launching of new business ventures. [Bringing New Technology to Market](#) Kathleen R. Allen, 2003 This book presents a comprehensive look at the issues related to the commercialization of intellectual property and contains three major themes that infuse all of the concepts presented: value creation, speed, and entrepreneurship. It enables readers to understand different business models and processes from mainstream types of businesses and teaches them how to successfully commercialize the intellectual property they develop. The book focuses on management, marketing, product development, and operations strategies that work in a high-tech environment. A four-part organization covers The Foundations of Technology Commercialization, Intellectual Property and Valuation, Financial Strategies for Technology Start-Ups, and The Transition from R D to Operations. For potential entrepreneurs and corporate

venturers *The Four Steps to the Epiphany* Steve Blank, 2002-03-17 The bestselling classic that launched 10 000 startups and new corporate ventures *The Four Steps to the Epiphany* is one of the most influential and practical business books of all time *The Four Steps to the Epiphany* launched the Lean Startup approach to new ventures It was the first book to offer that startups are not smaller versions of large companies and that new ventures are different than existing ones Startups search for business models while existing companies execute them The book offers the practical and proven four step Customer Development process for search and offers insight into what makes some startups successful and leaves others selling off their furniture Rather than blindly execute a plan *The Four Steps* helps uncover flaws in product and business plans and correct them before they become costly Rapid iteration customer feedback testing your assumptions are all explained in this book Packed with concrete examples of what to do how to do it and when to do it the book will leave you with new skills to organize sales marketing and your business for success If your organization is starting a new venture and you re thinking how to successfully organize sales marketing and business development you need *The Four Steps to the Epiphany* Essential reading for anyone starting something new *The Four Steps to the Epiphany* was originally published by K S Ranch Publishing Inc and is now available from Wiley The cover design and content are the same as the prior release and should not be considered a new or updated product **Dynamic Management of Growing Firms** Lorraine Uhlaner Hendrickson, John Psarouthakis, 1998 How CEOs and managers of established firms can move away from crisis management toward more effective planned growth in this age of global competition Derived from open systems theory empirical research and practical experience the Dynamic Systems Planning DSP Model described here aids strategists and scholars in identifying and analyzing a comprehensive set of core competencies of an organization to assure growth and profitability
