Explaining Mormonism Gregory Steven Dundas, 2022-08-04 Explaining Mormonism is a thoughtful and wide ranging discussion of the Mormon belief system Unlike previous surveys of Latter day Saint beliefs Explaining Mormonism not only outlines Mormon doctrines but provides an in depth exploration of some of their most distinctive doctrines regarding the nature of God the purpose of life the value of suffering and even human sexuality The author himself is a self described skeptic both by nature and by nurture who nevertheless converted to Mormonism as a young man He takes the reader on an exciting journey through one of the world s most controversial and perplexing religions For Latter day Saint readers Explaining Mormonism will aid in strengthening their faith through its in depth examination of the compelling logic behind the Mormon world view For the skeptical outsider it situates Mormon beliefs in a broad context of history theology philosophy and social science and demonstrates Mormonism s ability to provide bold and compelling answers to the most fundamental questions of human existence And for the serious student of Mormonism it furnishes insights that only an insider can bring to some of the Latter day Saints most peculiar teachings
