**Mexico's Dilemma** Roberto Newell G., Luis Rubio F., 2021-01-07 This book analyzes the crisis Mexico experienced in 1982 on the basis of the historical evolution of Mexico's political and economic structures. The author's purpose in writing this book is to provide an interpretation of Mexico's current problems in order to analyze what must be done to solve some profound dilemmas and to restructure Mexican society. The main dilemma Mexico faces is its vanishing consensus.

*Directory of Minority College Graduates* United States. Department of Labor. Office of Equal Employment Opportunity, 1972

*Border Boss* J. Gilberto Quezada, 2001-05 On January 1, 1937, Manuel B. Bravo was sworn in as county judge of Zapata County, a post he would hold for twenty years. In *Border Boss*, Manuel B. Bravo and Zapata County J. Gilberto Quezada delineates Bravo's political career in the Democratic Party and examines his role in some of the important issues of his day, especially the Falcon Dam. During Bravo's years in office, he worked and corresponded with many Texas and national politicians, including James Allred, Lloyd Bentsen, Kika de la Garza, Ralph Yarborough, and most prominently Lyndon Johnson. The association between Bravo and Johnson began with the special Senate election of 1941 and is reflected in the more than fifty letters between the two in Bravo's personal papers. In Johnson's 1948 Senate runoff against Coke Stevenson, voting irregularities were alleged in Zapata County when the election returns from Precinct No. 3 were reported missing. Quezada analyzes the Bravo papers for any evidence that Bravo and Johnson had arranged the disappearance and offers possible alternative explanations. From the 1930s to the 1950s, Zapata County was one of six South Texas counties where the Tejano majority dominated local politics and held most public offices. Bravo became known as one of the Mexican bosses of South Texas, but Quezada draws a more nuanced picture of bossism than has been presented previously, analyzing the role of influential leading families but looking as well at the degree of economic integration into the state and nation as factors in how bossism developed. Those interested in Mexican American studies and politics and bossism in South Texas will appreciate the window onto South Texas politics and Tejano culture this biography gives.

**Notable Men and Women of Spanish Texas** Donald E. Chipman, Harriett Denise Joseph, 2010-01-01 Winner, Presidio La Bahia Award, Sons of the Republic of Texas 2000, Texas Old Missions and Forts Restoration Association Book Award, the Texas Old Missions and Fort Restoration Association and the Texas Catholic Historical Society 2001. The Spanish colonial era in Texas, 1528-1821, continues to emerge from the shadowy past with every new archaeological and historical discovery. In this book, years of archival sleuthing by Donald E. Chipman and Harriett Denise Joseph now reveal the real human beings behind the legendary figures who discovered, explored, and settled Spanish Texas. By combining dramatic real-life incidents, biographical sketches, and historical background, the authors bring to life these famous and sometimes infamous men of Spanish Texas: Alvar N. Cabeza de Vaca, Alonso de Leon, Francisco Hidalgo, Louis Juchereau de St. Denis, Antonio Margil, The Marquis de Aguayo, Pedro de Rivera, Felipe de R. bago, Jos. de Escand. n, Athanase de M. zi res, The Marquis de Rub. Antonio Gil Ibarvo, Domingo Cabello, Jos. Bernardo Guti. rrez de Lara, Joaquin de Arredondo. The authors also devote a chapter to the women of Spanish Texas.

drawing on scarce historical clues to tell the stories of both well known and previously unknown Tejana Indian and African women

*War and Peace on the Rio Grande Frontier, 1830-1880* Miguel Ángel González-Quiroga, 2020-03-05

The historical record of the Rio Grande valley through much of the nineteenth century reveals well documented violence fueled by racial hatred national rivalries lack of governmental authority competition for resources and an international border that offered refuge to lawless men Less noted is the region's other everyday reality one based on coexistence and cooperation among Mexicans Anglo Americans and the Native Americans African Americans and Europeans who also inhabited the borderlands

*War and Peace on the Rio Grande Frontier 1830 1880* is a history of these parallel worlds focusing on a border that gave rise not only to violent conflict but also cooperation and economic and social advancement Meeting here are the Anglo Americans who came to the border region to trade spread Christianity and settle Mexicans seeking opportunity in el norte Native Americans who raided American and Mexican settlements alike for plunder and captives and Europeans who crisscrossed the borderlands seeking new futures in a fluid frontier space Historian Miguel Ángel González-Quiroga draws on national archives letters consular records periodicals and a host of other sources to give voice to borderlanders perspectives as he weaves their many varied stories into one sweeping narrative The tale he tells is one of economic connections and territorial disputes of refugees and bounty hunters speculation and stakeholding smuggling and theft and other activities in which economic considerations often carried more weight than racial prejudice Spanning the Anglo settlement of Texas in the 1830s the Texas Revolution the Republic of Texas the US Mexican War various Indian wars the US Civil War the French intervention into Mexico and the final subjugation of borderlands Indians by the combined forces of the US and Mexican armies this is a magisterial work that forever alters complicates and enriches borderlands history Published in association with the William P Clements Center for Southwest Studies at Southern Methodist University in Dallas Texas

**Cortina** Jerry Thompson, 2007-06-25

At a time when the U S Mexican border was still not clearly defined and when the doctrine of Manifest Destiny and land hunger impelled the Anglo presence ever deeper and more intrusively into South Texas Juan Nepomucino Cortina cut a violent swath across the region in a conflict that came to be known as The Cortina War Did this border caudillo fight to defend the rights honor and legal claims of the Mexicans of South Texas as he claimed Or was his a quest for personal vengeance against the newcomers who had married into his family threatened his mother's land holdings and insulted his honor Historian Jerry Thompson mines the archival record and considers it in light of recent revisionist history of the region As a result he produces not only a carefully nuanced work on Cortina the most comprehensive to date for this pivotal borderlands figure but also a balanced interpretation of the violence that racked South Texas from the 1840s through the 1860s Cortina's influence in the region made him a force to be reckoned with during the American Civil War He influenced Mexican politics from the 1840s to the 1870s and fought in the Mexican Army for more than forty five years His daring cross border cattle raids carried out for more than two decades made his exploits the stuff of sensational journalism in

the newspapers of New York Boston and other American cities By the time of his imprisonment in 1877 Cortina and his followers had so roiled South Texas that Anglo reprisals were being taken against Mexicans and Tejanos throughout the region ironically worsening the racism that had infuriated Cortina in the beginning The effects of this troubled period continue to resonate in Anglo Mexican and Anglo Tejano relations down to this very day Students of regional and borderlands history will find this premier biography to be a rich source of new perspectives Its transnational focus and balanced approach will reward scholarly and general readers alike

The Making of the Mexican Border Juan Mora-Torres,2010-01-01 The issues that dominate U S Mexico border relations today integration of economies policing of boundaries and the flow of workers from south to north and of capital from north to south are not recent developments In this insightful history of the state of Nuevo León Juan Mora Torres explores how these processes transformed northern Mexico into a region with distinct economic political social and cultural features that set it apart from the interior of Mexico Mora Torres argues that the years between the establishment of the U S Mexico boundary in 1848 and the outbreak of the Mexican Revolution in 1910 constitute a critical period in Mexican history The processes of state building emergent capitalism and growing linkages to the United States transformed localities and identities and shaped class formations and struggles in Nuevo León Monterrey emerged as the leading industrial center and home of the most powerful business elite while the countryside deteriorated economically politically and demographically By 1910 Mora Torres concludes the border states had already assumed much of their modern character an advanced capitalist economy some of Mexico s most powerful business groups and a labor market dependent on massive migrations from central Mexico
