Research Libraries, 1979 *Historical Outlook*, 1921 *A.L.A. Catalog* American Library Association, 1904 *Guncrazy America* Frank N. Egerton, 2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it s time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization Resources in Education, 2001-04 **The Publishers Weekly**, 1909 **Lies My Teacher Told Me** James W. Loewen, 2018-07-17 Every teacher every student of history every citizen should read this book It is both a refreshing antidote to what has passed for history in our educational system and a one volume education in itself Howard Zinn A new edition of the national bestseller and American Book Award winner with a new preface by the author Since its first publication in 1995 *Lies My Teacher Told Me* has become one of the most important and successful history books of our time Having sold nearly two million copies the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti Racist Scholarship and was heralded on the front page of the New York Times For this new edition Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems and calls out academic historians for abandoning the concept of truth in a misguided effort to be objective What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls an extremely convincing plea for truth in education In *Lies My Teacher Told Me* James W Loewen brings history alive in all its complexity and ambiguity Beginning with pre Columbian history and ranging over characters and events as diverse as Reconstruction Helen Keller the first Thanksgiving the My Lai massacre 9 11 and the Iraq War Loewen offers an eye opening critique of existing textbooks and a wonderful retelling of American history as it should and could be taught to American students *Lies My Teacher Told Me* James W. Loewen, 2008 Criticizes the way history is presented in current textbooks and suggests a more accurate approach to teaching American history *Official Register of the Officers and Cadets* United States Military Academy, 1929 Library of Congress Catalogs Library of Congress, 1970 *Doing History* Linda S. Levstik, Keith C. Barton, 2015-01-30 Now in its fifth edition *Doing History* offers a unique perspective on teaching and

learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The premise is that children can engage in valid forms of historical inquiry collecting and analyzing data examining the perspectives of people in the past considering multiple interpretations and creating evidence based historical accounts Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing discussion and debate The authors explain how the teaching demonstrated in the vignettes reflects basic principles of contemporary learning theory Doing History emphasizes diversity of perspectives in two ways readers encounter students from a variety of backgrounds and students themselves look at history from multiple perspectives It provides clear guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children s learning **Journal of the**
