

The Politically Incorrect Guide™ to *Women, Sex, and Feminism*

A part of the bestselling P.I.G. series

You know what the feminists say, but here's
what they don't want you to know:

- 1 Careers can be baby-dollers: Women can't postpone childbearing without serious consequences
- 2 Most feminists lost the sexual revolution (by agreeing that women should be disposable sex objects)
- 3 Why the happiest women spend more time with their families and less time at work (because you can't outsource parenting)
- 4 Most women want a husband and a strong family, but "independent" feminists give us a major shock in their beds
