Dave's Detergent Greg Boland, 2006 This accounting practice set is ideal for both accounting and accounting information system students. It provides a unique opportunity to experience both a computerised and manual system of accounting. It shows how the functions of MYOB Version 15 correlate to the traditional bookkeeping methods, filling in the knowledge gaps and assisting students to understand the similarities and differences between the two systems. Students will develop an appreciation of where traditional accounting fits into the more contemporary accounting information system. Dave's Detergent includes detailed step by step basic instructions for MYOB Version 15 as well as templates for use in a manual system. This will ensure students gain practical experience in both methods and assist in transferring their newly acquired skills to real life situations. Students are also encouraged to analyse the data and make decisions based on their workings, which provides an opportunity to look at the big picture and gain further understanding of accounting concepts. FEATURES using the basic commands of a computer package MYOB Version 15 to set up a company and use its relevant modules to create customers, suppliers and inventory control; producing a set of manual financial accounts for a given monthly period; the steps in a typical accounting cycle culminating in the production of financial statements for both a computerised and manual system; creating an accounting worksheet; typical financial transactions made in a small retail business including sales and purchases, returns to suppliers and balance day adjustments; hands on experience in posting journals to the general ledger and subsidiary ledgers; comparing two sets of financial statements using ratios and other non quantitative factors; comparing financial statement formats of a proprietary company to that of a sole trader; making recommendations on the possible purchase of another small business using both financial and non financial accounting information; the language of business. ABOUT THE AUTHOR Gregory Boland is a lecturer in the School of Business and Government at the University of Canberra.
