Made in America Lucy Lean, 2011 *Made in America* Our Best Chefs Reinvent Comfort Food features updated classic recipes from the most innovative and remarkable chefs working today Inspired by turn of the 20th century regional American cookbooks Lucy Lean former editor of *edible LA* has delved through thousands of

traditional recipes to define the 100 that best represent America's culinary legacy and challenged today's leading chefs to deconstruct and rebuild them in entirely original ways. The result is the ultimate contemporary comfort food bible for the home cook and armchair food lover. Each recipe is enhanced with an introduction that includes the background and origin of the dish and a unique profile of the chef who has undertaken it, as well as sumptuous photographs of the dish, chef, and restaurant. Representing the entire United States, chefs have been selected for their accomplishments, talent, and focus on local and sustainable cooking. From Ludo Lefebvre's Duck Fat Fried Chicken to Alain Ducasse's French Onion Soup to Mario Batali's Pappardelle Bolognese to John Besh's Banana Rum Cake, *Made in America* showcases our favorite dishes as conceived by our finest chefs.

Treme Lolis Eric Elie, 2013-07-23 Far from being just a gimmicky marketing ploy, *Treme* is an engaging representation of the cuisine of modern-day New Orleans. Fascinating. The Austin Chronicle. Inspired by David Simon's award-winning HBO series *Treme*, this celebration of the culinary spirit of post-Katrina New Orleans features recipes and tributes from the characters, real and fictional, who highlight the Crescent City's rich foodways. From chef Janette Desautel's own Crawfish Ravioli and LaDonna Batiste Williams's Smothered Turnip Soup to the city's finest Sazerac, New Orleans cuisine is a mélange of influences from Creole to Vietnamese, at once new and old, genteel and down-home, and in the words of Toni Bernette, seasoned with delicious nostalgia. As visually rich as the series itself, the book includes 100 heritage and contemporary recipes from the city's heralded restaurants, such as Upperline, Bayona Restaurant, August, and Herbsaint, plus original recipes from renowned chefs Eric Ripert, David Chang, and other *Treme* guest stars. For the six million who come to New Orleans each year for its food and music, this is the ultimate homage to the traditions that make it one of the world's greatest cities. Food, music, and New Orleans are all passions about which it seems to me all reasonable people of substance should be vocal. This book gives voice to the characters, real and imaginary, whose love and deep attachments to a great but deeply wounded city should be immediately understandable with one bite. Anthony Bourdain

The Joy of Eating Jane K. Glenn, 2021-11-05 This volume explores our cultural celebration of food, blending lobster festivals, politicians' roadside eats, reality show chef showdowns, and gravity-defying cakes into a deeper exploration of why people find so much joy in eating. In 1961, Julia Child introduced the American public to an entirely new, joy-infused approach to cooking and eating food. In doing so, she set in motion a food renaissance that is still in full bloom today. Over the last six decades, food has become an increasingly more diverse, prominent, and joyful point of cultural interest. *The Joy of Eating* discusses in detail the current golden age of food in contemporary American popular culture. Entries explore the proliferation of food-themed television shows, documentaries, and networks; the booming popularity of celebrity chefs; unusual, exotic, decadent, creative, and even mundane food trends; and cultural celebrations of food, such as in festivals and music. The volume provides depth and academic gravity by tying each entry into broader themes and larger contexts in relation to a food-themed reality show, for example, discussing the show's popularity in direct relation to a significant economic event, providing a brief history behind

popular foods and types of cuisines and tracing the evolution of our understanding of diet and nutrition among other explications
