Making Sense of Test-Based Accountability in Education Laura S. Hamilton, Brian M. Stecher, Stephen P. Klein, 2002-07-31 Test based accountability systems that attach high stakes to standardized test results have raised a number of issues on educational assessment and accountability. Do these high stakes tests measure student achievement accurately? How can policymakers and educators attach the right consequences to the results of these tests? And what kinds of tradeoffs do these testing policies introduce? This book responds to the growing emphasis on high stakes testing and offers recommendations for more effective test based accountability systems.

Transform Your Math Class Using Asset-Based Teaching for Grades 6-12 Michael D. Steele, Joleigh Honey, 2024-07-30 Foster a love of mathematics by creating a more inclusive and empowering learning environment through asset based teaching. An asset based perspective on math education means starting with what students already know instead of focusing on what's missing. This approach elevates student thinking and reasoning skills. In this way educators acknowledge that all students bring prior experiences strengths talents and resources to the learning process and can contribute meaningfully in an authentic learning environment. *Transform Your Math Class Using Asset Based Teaching for Grades 6-12* provides insight into asset based perspectives in mathematics education to create an environment where all students feel valued and capable of being doers of mathematics. In the book Michael Steele and Joleigh Honey highlight the importance of using language instructional routines.
