Kello,2017-09-26 An urgently needed examination of the current cyber revolution that draws on case studies to develop conceptual frameworks for understanding its effects on international order The cyber revolution is the revolution of our time The rapid expansion of cyberspace brings both promise and peril It promotes new modes of political interaction but it also disrupts interstate dealings and empowers non state actors who may instigate diplomatic and military crises Despite significant experience with cyber phenomena the conceptual apparatus to analyze understand and address their effects on international order remains primitive Here Lucas Kello adapts and applies international relations theory to create new ways

The Belt and Road Initiative and the Future of Regional Order in the Indo-Pacific Nick Bisley, Michael Clarke, Matthew Sussex, 2020-01-20 The Belt and Road Initiative BRI is emerging as a vital lynch pin in China's efforts to establish a maritime and continental zone of influence in the Indo Pacific region The Belt and Road Initiative and the Future of Regional Order in the Indo Pacific interrogates to what extent BRI represents an achievable vision of a China centric order in Asia and explores its major security implications for the region The contributions to this volume provide up to date analysis of the effect of BRI on the region's foreign policy and alliance patterns its connection to geo economics and domestic Chinese politics and the policy responses of key Indo Pacific actors While acknowledging that BRI remains prey to a variety of internal and exogenous shocks the contributors conclude that at the very least BRI will continue to disrupt the existing alignments of economic and strategic interests in the Indo Pacific and that on this minimal basis BRI will likely be judged a success by China For regional actors however the BRI simultaneously enhances choice while presenting strategic and economic risks of greater dependency on China a dilemma intensified by the disruptive effects of the Trump administration on regional confidence in the longevity of American commitments and leadership

The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
