Introduction To International Development Haslam

Jay Drydyk, Lori Keleher

Introduction To International Development Haslam:

Introduction to International Development Paul Alexander Haslam, Jessica Schafer, Pierre Beaudet, 2009 Introduction to International Development is a topical and theoretical introduction to development studies This book is unique in its multidisciplinary approach given that most textbooks in the area are anchored primarily in one specific discipline such as political science or economics and fail to incorporate theories and viewpoints from other disciplines Drawing contributors from a variety of disciplines all three editors themselves come from different disciplinary backgrounds this text ensures that students are exposed to a well rounded view of development issues In addition to being interdisciplinary the book is international in scope contributors from North America the UK Europe and the developing world expose students to diverse international perspectives The book is divided into three sections an overview of the history and key theories a presentation of the key actors and an exploration of contemporary issues in international development Combining theoretical practical and multidisciplinary approaches to respond to the particular needs of undergraduate international development programs Introduction to International Development is truly the ideal text for any international development studies course

Introduction to International Development , *The Short Guide to International Development* Nick Sage, 2022-07-19 International development is a vibrant interdisciplinary area of the social sciences This Short Guide offers a uniquely succinct and balanced account of this politically charged subject It distils both the classic and newer debates together in a clear framework and illustrates them with contemporary examples Designed to introduce a wide readership to international development the book considers how far the field has been reconfigured over time and to what extent it is likely to change in the future reviews contemporary topics including tourism migration and digital technologies includes distinctive international case studies and examples By providing a succinct evaluation of competing approaches to and perspectives on the idea and practice of international development this book offers students across the social sciences a distinct and invaluable introduction to the field *Studyguide for Introduction to International Development* Cram101 Textbook Reviews, Paul Haslam, 2012-01 Never HIGHLIGHT a Book Again Virtually all of the testable terms concepts persons places and events from the textbook are included Cram101 Just the FACTS101 studyguides give all of the outlines highlights notes and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompany 9780195428049 *Introduction to International Development* Paul Haslam, Pierre Beaudet, Jessica Schafer, 2016-12 Introduction to International Development integrates the work of leading experts from disciplines as varied as geography history sociology political science economics gender studies and anthropology Contributed chapters present foundational overviews as well as in depth coverage of issues at the heart of today's most pressing international debates In addition to a new part focussed exclusively on the practice of international development with six new chapters on measuring poverty planning projects development ethics humanitarian assistance and global poverty reduction this edition has new

chapters on alternatives to development gender and development China and the emerging economies and climate change

International Development Paul Battersby, Ravi Roy, 2017-04-24 How can we lay the foundation for a more just and peaceful world How can we prevent communications from fracturing and societies from tearing themselves apart How should we prioritise economic social and cultural demands for resources and opportunities This book answers these questions and presents a view of development in practice Written by experts in the field the book covers a range of contemporary developments as well as providing coverage of the theory and practice of international development The book Covers a range of contemporary topics such as global security new technologies ethics and learning and participation Has chapters on Global Health and Development in Practice Environmentally Sustainable Development in Practice and Corruption and Development Features learning objectives summaries reading lists and questions for discussion Works as a practice driven text packed with case studies Global in perspective and full of everything you need to know this is your go to book for your studies in International Development

Development: A Very Short Introduction Ian Goldin, 2018-02-22 What do we mean by development How can citizens governments and the international community foster development The process by which nations escape poverty and achieve economic and social progress has been the subject of extensive examination for hundreds of years The notion of development itself has evolved from an original preoccupation with incomes and economic growth to a much broader understanding of development In this Very Short Introduction Ian Goldin considers the contributions that education health gender equity and other dimensions of human well being make to development and discusses why it is also necessary to include the role of institutions and the rule of law as well as sustainability and environmental concerns ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Introduction to International Development 2e / Making Sense in the Social Sciences Pack Paul Haslam, Jessica Schafer, Pierre Beaudet, 2013-02-15 Introduction to International Development is a collection of original essays by leading experts from disciplines as varied as geography history sociology political science economics women s studies and anthropology Contributed chapters present foundational overviews as well as in depth coverage of issues at the heart of today s most pressing international debates from intensifying environmental threats as we near the expiry of the Kyoto Protocol to the ongoing social and political turmoil in Afghanistan Fully updated and revised this second edition features a new chapter on urban development and a new epilogue along with a fresh student friendly design that is sure to engage students in the study of international development

International Development Law Petra Minnerop, Rüdiger Wolfrum, Frauke Lachenmann, Max-Planck-Gesellschaft zur Förderung der Wissenschaften, 2019 This volume brings together articles on international development law from the Max Planck Encyclopedia of Public International Law the definitive

reference work on international law It provides an invaluable resource for scholars students and practitioners of international development law giving an accessible thorough overview of all aspects of the field Each article contains cross references to related articles and includes a carefully selected bibliography of the most important writings and primary materials as a guide to further reading The Encyclopedia can be used by a wide range of readers Experienced scholars and practitioners will find a wealth of information on areas that they do not already know well as well as in depth treatments on every aspect of their specialist topics Articles can also be set as readings for students on taught courses

Introduction to International Development Paul Alexander Haslam, Jessica Schafer, Pierre Beaudet, 2021 Introduction to International Development integrates the work of leading experts from disciplines as varied as geography history sociology political science economics gender studies and anthropology Contributed chapters present foundational overviews as well as in depth coverage of issues at the heart of today's most pressing international debates providing students with the conceptual tools they need to understand the challenges successes and failures of international development within today's dynamic and changing world This edition has been fully updated and includes coverage of the UN's Sustainable Development Goals SDGs and the COVID 19 pandemic It also includes two new chapters on economic development theories a new chapter on refugees and a new chapter on economic resilience in Indigenous communities

International Development in a Changing World Theo Papaioannou, Melissa Butcher, 2013-02-14 International Development in a Changing World introduces key issues debates and ideas about development in the 21st century Uniquely interweaving international relations and development studies the authorial team examines the contested concepts of poverty inequality and livelihood and the emergence of new powers that will affect the architecture of international development Themes of power and agency history and scale integrate the many stories of development covered in the book highlighting development as a complex process of change and interaction between people as well as between people and institutions including governments and non governmental organizations Interdisciplinary in character the book incorporates theories and tools from across the social sciences to provide a more holistic understanding of the social economic and political transformations involved than most textbooks in the field can offer Chapters are designed to inform policy and practice moving from the theoretical to look closely using a series of case studies at the deliberate actions of people to improve their livelihoods communities and societies International Development in a Changing World is the first of two books in The Open University's International Development series Whether used as a stand alone text or alongside its companion text New Perspectives in International Development this is an ideal introduction to the field for students of International Development International Relations Global Politics and Global Social Policy

Elgar Encyclopedia of Development Matthew Clarke, Xinyu (Andy) Zhao, 2023-10-06 The Elgar Encyclopedia of Development is a ground breaking resource that provides a starting point for those wishing to grasp how and why development occurs while also providing further expansion appropriate for more experienced academics

Managing

Africa's Natural Resources K. Hanson, C. D'Alessandro, F. Owusu, 2014-09-23 The authors investigate well known concerns in natural resource management in Africa while focusing on the capacity dimension of the problems They examine dynamics of leadership governance criminality structural transformation as well as emerging issues such as green growth **The Palgrave Encyclopedia of Imperialism and Anti-Imperialism** Immanuel Ness, Zak Cope, 2016-04-29 The Palgrave Encyclopedia Imperialism and Anti Imperialism objectively presents the prominent themes epochal events theoretical explanations and historical accounts of imperialism from 1776 to the present It is the most historically and academically comprehensive examination of the subject to date Transforming Development in Education Moira V. Faul, 2025-02-12 In this thought provoking book expert contributors challenge dominant global development narratives undertaking an academic critique of contemporary coloniality in education and providing constructive ways towards more equal and sustainable futures **The Development Dictionary @25** Aram Ziai, 2020-05-21 Few books in the history of Development Studies have had an impact like The Development Dictionary A Guide to Knowledge as Power which was edited by Wolfgang Sachs and published by Zed Books in 1992 The Development Dictionary was crucial in establishing what has become known as the Post Development PD school This volume is devoted to the legacy of The Development Dictionary and to discussing Post Development This book originally published as a special issue of Third World Quarterly *Routledge Handbook of Development Ethics* Jay Drydyk, Lori Keleher, 2018-07-16 The Routledge Handbook of Development Ethics provides readers with insight into the central questions of development ethics the main approaches to answering them and areas for future research Over the past seventy years it has been argued and increasingly accepted that worthwhile development cannot be reduced to economic growth Rather a number of other goals must be realised Enhancement of people s well being Equitable sharing in benefits of development Empowerment to participate freely in development Environmental sustainability Promotion of human rights Promotion of cultural freedom consistent with human rights Responsible conduct including integrity over corruption Agreement that these are essential goals has also been accompanied by disagreements about how to conceptualize or apply them in different cases or contexts Using these seven goals as an organizing principle this handbook presents different approaches to achieving each one drawing on academic literature policy documents and practitioner experience This international and multi disciplinary handbook will be of great interest to development policy makers and program workers students and scholars in development studies public policy international studies applied ethics and other related disciplines *Global Political Economy* Theodore H. Cohn, Anil Hira, 2025-05-05 Global Political Economy places the study of IPE in broad theoretical context equally emphasizing theory and practice to provide a framework for analyzing current events and long term developments in the global economy Andy Hira updates this essential book and the related instructor and student resources to cover recent global developments and shifts in scholarship New and updated for the Ninth Edition Provides an economics primer on how markets interest and exchange rates work comparative advantage

and monetary and fiscal policy and material on getting a job in political economy Includes the basic tenets of realism Expands coverage on China including on bipolarity U S relations security economic tradeoffs Taiwan the Belt and Road Initiative and the failure of TPP Discusses Russia s invasion of Ukraine and builds on the material on sanctions Investigates the effects of the pandemic including post pandemic inflation Explores critical approaches to IR and different theoretical perspectives and gives more weight to the Global South including postcolonialism and intersectionality Focuses more on climate change and the environment technological advances and migration Adds material on club goods cryptocurrencies labor rights global tax and offshoring socially responsible investment corporate social responsibility the Beijing Model the proposed global minimum tax ASEAN and the African Continental Free Trade Agreement Updates the tables figures graphics references and supplementary readings throughout Provides updated instructor resources including a Test Bank PowerPoint slides Exercises and an Instructor s Manual and a new student website with practice quizzes flashcards lecture videos and links to extensive additional resources including videos podcasts readings and data sources to support learning and engagement Praised for its authoritative coverage Global Political Economy is essential reading for both introductory and advanced IPE courses

Development Cooperation S. Klingebiel, 2013-12-01 The aims of and motives for development cooperation have changed significantly in recent times Besides pursuing short and longer term objectives in their own economic foreign policy and other interests donors usually have a recognisable and genuine interest in assisting countries in their processes of development

Visioning Higher Education for Contemporary Global Challenges Peter H. Koehn, Phyllis Bo-yuen Ngai, Juha I. Uitto, 2024-12-12 Visioning presents a roadmap for university leaders to vitalize higher education in response to global problems It addresses structural programmatic and curricular gaps in ways designed to prepare current and future generations for unfolding socio ecological challenges The book introduces five urgent and interconnected global challenges sustainable development climate change migration global health and social justice demanding attention from higher education institutions worldwide Each of these five chapters explores the challenge and then shifts focus to the needed roles of forward looking higher education institutions These roles include building critical consciousness developing competencies inspiring global actions exercising leadership at all levels conducting evaluations and undertaking innovative initiatives The book also proposes three specific initiatives 1 creation of linked academic Centers for Contemporary Global Challenges 2 establishment of South North Higher Education Consortia and 3 initiation of a Global Challenges Corps supported by transnational competence preparation It also provides an evaluation methodology to assess the traction of the proposed educational vision The concluding chapter offers a pathway to fill existing programmatic gaps and equip future generations to address global challenges This authoritative and insightful book is essential reading for university leaders educators and learners worldwide It provides practical strategies and a future preparatory vision for universities to address rising global challenges
