LBJ: From Mastermind to "The Colossus" Phillip F. Nelson, 2014-11-18 Phillip F. Nelson's new book begins where LBJ The Mastermind of the JFK Assassination left off. Now president Johnson begins to push Congress to enact long dormant legislation that he had previously impeded, always insisting that the timing wasn't right. Nelson argues that the passage of Johnson's Great Society legislation was designed to take the focus of the nation off the assassination as well as lay the groundwork for building his own legacy. Nelson also examines Johnson's plan to redirect US foreign policy within days of becoming president as he maneuvered to insert the US military into the civil war being fought in Vietnam. This, he thought, would provide another means to achieve his goal of becoming a great wartime president. In addition, Nelson presents evidence to show that the Israeli attack on the USS Liberty in 1967 was arguably directed by Johnson against his own ship and the 294 sailors on board as a way to insert the US military into the Six Day War. It only failed because the Liberty refused to sink. Finally, Nelson presents newly discovered documents from the files of Texas Ranger Clint Peoples that prove Johnson was closely involved with Billie Sol Estes and had made millions from Estes's frauds against taxpayers. These papers show linkages to Johnson's criminal behavior, the very point that his other biographers ignore. Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

LBJ: The Mastermind of the JFK Assassination Phillip F. Nelson, 2011-11-22 Over the years since John F Kennedy was assassinated many alternate scenarios have been put forward to challenge the official Lee Harvey Oswald as lone gunman story Nelson reviews a massive amount of secondary sources to support his own hypothesis that the mastermind behind the assassination was then VP Lyndon Johnson LBJ's position as Kennedy's successor and narcissistic sociopathic personality combined with his fear of a Kennedy plan to remove him from the upcoming 1964 ticket form the basis of Nelson's conjecture He dismisses the Warren Commission review of the evidence as a cover up stating that it has become more and more apparent that much of the evidence originally put forward was invented or modified Nelson admits his position is speculative and amalgamates elements of previously offered conspiracy scenarios but despite his attention to troubling loose ends in the official report his effort to point the figure at President Johnson remains tendentious c Copyright PWxyz LLC All rights reserved Lyndon B.
