

Have you ever looked at your dog and wondered,

Why Does My Dog Do That?!

Why does your dog do the things they do? The short answer is: they are dogs. When two different species – a person and a dog – live together life can get complicated. Normal, species-specific behavior, like jumping, barking, and digging, can turn into problem behavior that makes life miserable for you and your dog.

If you're living in a multi-species home, this book is for you. Look at your home from your dog's perspective. Discover how differently you and your dog see the world, learn how meeting your dog's species-specific needs improves their behavior.
